DISCLOSURE REGARDING FORWARD-LOOKING STATEMENTS

This Quarterly Report on Form 10-Q (“Form 10-Q”) contains “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995, Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, including but not limited to statements about our estimates, expectations, plans, objectives, strategies, and financial condition, expected impact of regulatory developments and legal proceedings, opportunities in our industries and businesses and other trends and projections for the next fiscal quarter and beyond. All statements, other than statements of historical facts, may be forward-looking statements. Forward-looking statements may also be identified by words such as “anticipate,” “intend,” “plan,” “goal,” “seek,” “believe,” “estimate,” “expect,” “predict,” “continue,” “future,” “will,” “would,” “could,” “can,” “may” and similar terms. These forward-looking statements are based on information available to us as of the date of this Form 10-Q and represent management’s current views and assumptions. Forward-looking statements are not guarantees of future performance, events or results and involve potential known and unknown risks, uncertainties and other factors, many of which may be beyond our control and may pose a risk to our operating and financial condition. Accordingly, actual performance, events or results could differ materially from those expressed or implied in the forward-looking statements due to a number of factors including, but not limited to:

- our reliance on DISH Network Corporation and its subsidiaries (“DISH Network”), for a significant portion of our revenue;
- our ability to implement our strategic initiatives;
- significant risks related to the construction, launch and operation of our satellites, such as the risk of material malfunction on one or more of our satellites, risks resulting from delays or failures of launches of our satellites and potentially missing our regulatory milestones, changes in the space weather environment that could interfere with the operation of our satellites, and our general lack of commercial insurance coverage on our satellites;
- our failure to adequately anticipate the need for satellite capacity or the inability to obtain satellite capacity for our Hughes segment;
- the failure of third-party providers of components, manufacturing, installation services and customer support services to appropriately deliver the contracted goods or services;
- our ability to bring advanced technologies to market to keep pace with our customers and competitors; and
- risk related to our foreign operations and other uncertainties associated with doing business internationally, including changes in foreign exchange rates between foreign currencies and the United States dollar, economic instability and political disturbances.

Other factors that could cause or contribute to such differences include, but are not limited to, those discussed under the caption “Risk Factors” in Part II, Item 1A of this Form 10-Q and in Part I, Item 1A of our most recent Annual Report on Form 10-K (“Form 10-K”) filed with the Securities and Exchange Commission (“SEC”), those discussed in “Management’s Discussion and Analysis of Financial Condition and Results of Operations” herein and in our Form 10-K, and those discussed in other documents we file with the SEC.

All cautionary statements made herein should be read as being applicable to all forward-looking statements wherever they appear. Investors should consider the risks and uncertainties described herein and should not place undue reliance on any forward-looking statements. We do not undertake, and specifically disclaim, any obligation to publicly release the results of any revisions that may be made to any forward-looking statements, whether as a result of new information, future events or otherwise, except as required by law.

Although we believe that the expectations reflected in any forward-looking statements are reasonable, we cannot guarantee future results, events, levels of activity, performance or achievements. We do not assume responsibility for the accuracy and completeness of any forward-looking statements. We assume no responsibility for updating forward-looking information contained or incorporated by reference herein or in any documents we file with the SEC, except as required by law.

Should one or more of the risks or uncertainties described herein or in any documents we file with the SEC occur, or should underlying assumptions prove incorrect, our actual results and plans could differ materially from those expressed in any forward-looking statements.

ECHOSTAR CORPORATION
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

Note 1. Organization and Business Activities

Principal Business

EchoStar Corporation (which, together with its subsidiaries, is referred to as “EchoStar,” the “Company,” “we,” “us” and/or “our”) is a holding company that was organized in October 2007 as a corporation under the laws of the State of Nevada. We are a global provider of satellite service operations, video delivery solutions, broadband satellite technologies and broadband services for home and small office customers. We deliver innovative network technologies, managed services, and various communications solutions for enterprise and government customers. Our Class A common stock is publicly traded on the Nasdaq Global Select Market (“Nasdaq”) under the symbol “SATS.”

In February 2014, EchoStar entered into agreements with certain subsidiaries of DISH Network Corporation (“DISH”) pursuant to which, effective March 1, 2014, (i) EchoStar and our subsidiary Hughes Satellite Systems Corporation (“HSS”) issued the Tracking Stock (as defined below) to subsidiaries of DISH in exchange for five satellites (EchoStar I, EchoStar VII, EchoStar X, EchoStar XI, and EchoStar XIV), including the assumption of related in-orbit incentive obligations, and \$11.4 million in cash and (ii) DISH and certain of its subsidiaries began receiving certain satellite services on these five satellites from us (the “Satellite and Tracking Stock Transaction”). The Tracking Stock tracked the economic performance of the residential retail satellite broadband business of our Hughes segment, including certain operations, assets and liabilities attributed to such business (collectively, the “Hughes Retail Group” or “HRG”), and represented an aggregate 80.0% economic interest in HRG (the shares issued as EchoStar Tracking Stock represented a 51.89% economic interest in HRG and the shares issued as HSS Tracking Stock represented a 28.11% economic interest in the Hughes Retail Group). In addition to the remaining 20.0% economic interest in the HRG, EchoStar retained all economic interest in the wholesale satellite broadband business and other businesses of EchoStar.

On January 31, 2017, EchoStar Corporation and certain of its subsidiaries entered into a Share Exchange Agreement (the “Share Exchange Agreement”) with DISH and certain of its subsidiaries. Pursuant to the Share Exchange Agreement, on February 28, 2017, among other things, EchoStar Corporation and certain of its subsidiaries received all of the shares of the Hughes Retail Preferred Tracking Stock issued by EchoStar Corporation (the “EchoStar Tracking Stock”) and the Hughes Retail Preferred Tracking Stock issued by HSS (the “HSS Tracking Stock”, together with the EchoStar Tracking Stock, the “Tracking Stock”) in exchange for 100% of the equity interests of certain EchoStar subsidiaries that held substantially all of our EchoStar Technologies businesses and certain other assets (collectively, the “Share Exchange”). Following consummation of the Share Exchange, EchoStar no longer operates the EchoStar Technologies business segment and the EchoStar Tracking Stock and HSS Tracking Stock were retired and are no longer outstanding and all agreements, arrangements and policy statements with respect to such tracking stock terminated and are of no further effect. As a result of the Share Exchange, the condensed consolidated financial statements of the EchoStar Technologies businesses have been presented as discontinued operations and, as such, have been excluded from continuing operations and segment results for all periods presented. See Note 3 for further discussion of our discontinued operations.

We currently operate in the following two business segments:

- **Hughes** — which provides broadband satellite technologies and broadband services to home and small office customers and network technologies, managed services and communication solutions to domestic and international consumers and enterprise and government customers. The Hughes segment also provides managed services, hardware, and satellite services to large enterprises and government customers, and designs, provides and installs gateway and terminal equipment to customers for other satellite systems. In addition, our Hughes segment provides satellite ground segment systems and terminals to mobile system operators.
- **EchoStar Satellite Services (“ESS”)** — which uses certain of our owned and leased in-orbit satellites and related licenses to provide satellite service operations and video delivery solutions on a full-time and occasional-use basis primarily to DISH Network Corporation and its subsidiaries (“DISH Network”), Dish Mexico, S. de R.L. de C.V., a joint venture we entered into in 2008 (“Dish Mexico”), United States (“U.S.”) government service providers, internet service providers, broadcast news organizations, programmers, and private enterprise customers. We also manage satellite operations for certain satellites owned by DISH Network.

Our operations also include various corporate departments (primarily Executive, Strategic Development, Human Resources, IT, Finance, Real Estate and Legal) as well as other activities that have not been assigned to our operating segments, including costs incurred in certain satellite development programs and other business development activities, our centralized treasury operations, and gains (losses) from certain of our investments. These activities, costs and income are accounted for in “Corporate and Other.”

In 2008, DISH Network completed its distribution to us of its digital set-top box business, certain infrastructure, and other assets and related liabilities, including certain of its satellites, uplink and satellite transmission assets, and real estate (the “Spin-off”). Since the Spin-off, EchoStar and DISH have operated as separate publicly-traded companies. Prior to the consummation of the Share Exchange on February 28, 2017, DISH Network held the Tracking Stock discussed above. A substantial majority of the voting power of the shares of EchoStar and DISH is owned beneficially by Charles W. Ergen, our Chairman, and by certain trusts established by Mr. Ergen for the benefit of his family.

Note 2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying unaudited condensed consolidated financial statements have been prepared in conformity with accounting principles generally accepted in the U.S. (“GAAP”) and with the instructions to Form 10-Q and Article 10 of Regulation S-X for interim financial information. Accordingly, these financial statements do not include all of the information and notes required for complete financial statements prepared in conformity with GAAP. In our opinion, all adjustments (consisting of normal recurring adjustments) considered necessary for a fair presentation have been included. Our results of operations for the interim periods presented are not necessarily indicative of the results that may be expected for the full year. For further information, refer to the consolidated financial statements and notes thereto included in our Form 10-K for the year ended December 31, 2016.

Principles of Consolidation

We consolidate all entities in which we have a controlling financial interest. We are deemed to have a controlling financial interest in variable interest entities where we are the primary beneficiary. We are deemed to have a controlling financial interest in other entities when we own more than 50 percent of the outstanding voting shares and other shareholders do not have substantive rights to participate in management. For entities we control but do not wholly own, we record a noncontrolling interest within stockholders’ equity for the portion of the entity’s equity attributed to the noncontrolling ownership interests. As of December 31, 2016, noncontrolling interests consisted primarily of HSS Tracking Stock previously owned by DISH Network. As a result of the Share Exchange, the noncontrolling interest in HSS Tracking Stock was extinguished as of February 28, 2017. All significant intercompany balances and transactions have been eliminated in consolidation.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires us to make certain estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the balance sheets, the reported amounts of revenue and expense for each reporting period, and certain information disclosed in the notes to our condensed consolidated financial statements. Estimates are used in accounting for, among other things, amortization periods for deferred subscriber acquisition costs, revenue recognition using the percentage-of-completion method, allowances for doubtful accounts, allowances for sales returns and rebates, warranty obligations, self-insurance obligations, deferred taxes and related valuation allowances, uncertain tax positions, loss contingencies, fair value of financial instruments, fair value of stock-based compensation awards, fair value of assets and liabilities acquired in business combinations, lease classifications, asset impairment testing, useful lives and methods for depreciation and amortization of long-lived assets, and certain royalty obligations. We base our estimates and assumptions on historical experience, observable market inputs and on various other factors that we believe to be relevant under the circumstances. Due to the inherent uncertainty involved in making estimates, actual results may differ from previously estimated amounts, and such differences may be material to our condensed consolidated financial statements. Changing economic conditions may increase the inherent uncertainty in the estimates and assumptions indicated above. We review our estimates and assumptions periodically and the effects of revisions are reflected in the period they occur or prospectively if the revised estimate affects future periods.

Fair Value Measurements

We determine fair value based on the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants. Market or observable inputs are the preferred source of values, followed by unobservable inputs or assumptions based on hypothetical transactions in the absence of market inputs. We utilize the highest level of inputs available according to the following hierarchy in determining fair value:

- Level 1, defined as observable inputs being quoted prices in active markets for identical assets;
- Level 2, defined as observable inputs other than quoted prices included in Level 1, including quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar instruments in markets that are not active; and model-derived valuations in which significant inputs and significant value drivers are observable in active markets; and
- Level 3, defined as unobservable inputs for which little or no market data exists, consistent with characteristics of the asset or liability that would be considered by market participants in a transaction to purchase or sell the asset or liability.

Transfers between levels in the fair value hierarchy are considered to occur at the beginning of the quarterly accounting period. There were no transfers between levels for each of the three months ended March 31, 2017 or 2016.

As of March 31, 2017 and December 31, 2016, the carrying amounts of our cash and cash equivalents, trade accounts receivable, net of allowance for doubtful accounts, accounts payable and accrued liabilities were equal to or approximated fair value due to their short-term nature or proximity to current market rates.

Fair values of our marketable investment securities are based on a variety of observable market inputs. For our investments in publicly traded equity securities and U.S. government securities, fair value ordinarily is determined based on a Level 1 measurement that reflects quoted prices for identical securities in active markets. Fair values of our investments in other marketable debt securities generally are based on Level 2 measurements, as the markets for such debt securities are less active. Trades of identical debt securities on or near the measurement date are considered a strong indication of fair value. Matrix pricing techniques that consider par value, coupon rate, credit quality, maturity and other relevant features also may be used to determine fair value of our investments in marketable debt securities.

Fair values for HSS' 6 1/2% Senior Secured Notes due 2019 (the "2019 Senior Secured Notes"), 7 5/8% Senior Unsecured Notes due 2021 (the "2021 Senior Unsecured Notes"), 5.250% Senior Secured Notes due August 1, 2026 (the "2026 Senior Secured Notes") and 6.625% Senior Unsecured Notes due August 1, 2026 (the "2026 Senior Unsecured Notes" and together with the 2026 Senior Secured Notes, the "2026 Notes") (see Note 11) are based on quoted market prices in less active markets and are categorized as Level 2 measurements. The fair values of our other debt are Level 2 measurements and are estimated to approximate their carrying amounts based on the proximity of their interest rates to current market rates. As of March 31, 2017 and December 31, 2016, the fair values of our in-orbit incentive obligations, based on measurements categorized within Level 2 of the fair value hierarchy, approximated their carrying amounts of \$103.6 million and \$74.1 million, respectively. We use fair value measurements from time to time in connection with asset impairment testing and the assignment of purchase consideration to assets and liabilities of acquired companies. Those fair value measurements typically include significant unobservable inputs and are categorized within Level 3 of the fair value hierarchy.

Research and Development

Costs incurred in research and development activities generally are expensed as incurred. A significant portion of our research and development costs are incurred in connection with the specific requirements of a customer's order. In such instances, the amounts for these customer funded development efforts are included in cost of sales.

Cost of sales includes research and development costs incurred in connection with customers' orders of approximately \$6.9 million and \$2.8 million for the three months ended March 31, 2017 and 2016, respectively. In addition, we incurred other research and development expenses of approximately \$7.7 million and \$6.9 million for the three months ended March 31, 2017 and 2016, respectively.

Capitalized Software Costs

Costs related to the procurement and development of software for internal-use and externally marketed software are capitalized and amortized using the straight-line method over the estimated useful life of the software, not in excess of five years. Capitalized costs of internal-use software are included in “Property and equipment, net” and capitalized costs of externally marketed software are included in “Other noncurrent assets, net” in our condensed consolidated balance sheets. Externally marketed software generally is installed in the equipment we sell to customers. We conduct software program reviews for externally marketed capitalized software costs at least annually, or as events and circumstances warrant such a review, to determine if capitalized software development costs are recoverable and to ensure that costs associated with programs that are no longer generating revenue are expensed. As of March 31, 2017 and December 31, 2016, the net carrying amount of externally marketed software was \$83.8 million and \$76.3 million, respectively, of which \$13.5 million and \$50.1 million, respectively, is under development and not yet placed in service. We capitalized costs related to the development of externally marketed software of \$10.8 million and \$5.9 million for the three months ended March 31, 2017 and 2016, respectively. We recorded amortization expense relating to the development of externally marketed software of \$3.4 million and \$2.3 million for the three months ended March 31, 2017 and 2016, respectively. The weighted average useful life of our externally marketed software was approximately four years as of March 31, 2017.

New Accounting Pronouncements

In May 2014, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) No. 2014-09, Revenue from Contracts with Customers (“ASU 2014-09”). It outlines a single comprehensive model, codified in Topic 606 of the FASB Accounting Standards Codification, for entities to use in accounting for revenue arising from contracts with customers and supersedes most current revenue recognition guidance, including industry-specific guidance. The core principle of the revenue model is that “an entity recognizes revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services.” In August 2015, the FASB issued ASU No. 2015-14, which deferred the mandatory effective date of ASU 2014-09 by one year. As a result, public entities are required to adopt the new revenue standard in annual periods beginning after December 15, 2017 and in interim periods within those annual periods. The standard may be applied either retrospectively to prior periods or as a cumulative-effect adjustment as of the date of adoption. Early adoption is permitted, but not before annual periods beginning after December 15, 2016. In March 2016, the FASB issued ASU No. 2016-08, Principal versus Agent Considerations, which clarifies the implementation guidance on principal versus agent considerations. In April 2016, the FASB issued ASU No. 2016-10, Identifying Performance Obligations and Licensing, which amends guidance on identifying performance obligations and accounting for licenses of intellectual property. In May 2016, the FASB issued ASU No. 2016-12, Narrow-Scope Improvements and Practical Expedients, which addresses collectibility, noncash consideration, completed contracts at transition, a practical expedient for contract modifications at transition, and an accounting policy election related to the presentation of sales taxes and other similar taxes collected from customers. In January 2017, the FASB issued ASU No. 2016-20, Technical Corrections to Topic 606, which clarifies, but does not fundamentally change, certain aspects of the new revenue standard. We plan to adopt the new revenue standard as of January 1, 2018, but have not selected the transition method that we will apply upon adoption. We continue to evaluate the impact of the new standard and available adoption methods on our consolidated financial statements. We are in the process of evaluating arrangements with customers and identifying differences in accounting between new and existing standards.

In January 2016, the FASB issued Accounting Standards Update No. 2016-01, Recognition and Measurement of Financial Assets and Financial Liabilities (“ASU 2016-01”). This update substantially revises standards for the recognition, measurement and presentation of financial instruments, including requiring all equity investments to be measured at fair value with changes in the fair value recognized through net income. It also amends certain disclosure requirements associated with the fair value of financial instruments. ASU 2016-01 is effective for annual periods beginning after December 15, 2017, including interim periods within those annual periods, with early adoption permitted for certain requirements. We are assessing the impact of adopting this new accounting standard on our consolidated financial statements and related disclosures.

In February 2016, the FASB issued Accounting Standards Update No. 2016-02, Leases (“ASU 2016-02”). This standard requires lessees to recognize assets and liabilities for all leases with lease terms more than 12 months, including leases classified as operating leases. The standard also modifies the definition of a lease and the criteria for classifying leases as operating leases or financing leases. ASU 2016-02 is effective for annual periods beginning after December 15, 2018 and interim periods within those periods. Early adoption is permitted. We are assessing the impact of adopting this new accounting standard on our consolidated financial statements and related disclosures.

In March 2016, the FASB issued Accounting Standards Update No. 2016-09, Improvements to Employee Share-Based Payment Accounting (“ASU 2016-09”), which simplifies the accounting for share-based payment awards. This update requires all excess tax benefits and deficiencies to be recognized as income tax expense or benefit and permits an entity to make an entity-wide policy election to either estimate forfeitures or recognize forfeitures as they occur. ASU 2016-09 is effective for annual periods beginning after December 15, 2016 and interim periods within those periods. The update specifies requirements for retrospective, modified retrospective or prospective application for the various amendments contained in the update. Upon adoption of this standard as of January 1, 2017, we recorded a \$14.5 million deferred tax asset and a corresponding credit to accumulated earnings for excess tax benefits that had not previously been recognized because the related tax deductions had not reduced taxes payable. We did not change our accounting policy to estimate forfeitures in determining compensation cost. We prospectively adopted amendments requiring presentation of excess tax benefits in operating activities in the statement of cash flows and dealing with the treatment of excess tax benefits in the calculation of diluted earnings per share. Our adoption of this update did not have a material impact on our financial statements.

In June 2016, the FASB issued Accounting Standards Update No. 2016-13, Measurement of Credit Losses on Financial Instruments (“ASU 2016-13”), which introduces an approach based on expected losses to estimate credit losses on certain types of financial instruments rather than incurred losses. It also modifies the impairment model for available-for-sale debt securities and provides for a simplified accounting model for purchased financial assets with credit deterioration since their origination. ASU 2016-13 is effective for annual periods beginning after December 15, 2019 and interim periods within those periods. Early adoption is permitted. We are assessing the impact of adopting this new accounting standard on our consolidated financial statements and related disclosures.

In October 2016, the FASB issued Accounting Standards Update No. 2016-16, Intra-Entity Transfers of Assets Other Than Inventory (“ASU 2016-16”), which improves the accounting for the income tax consequences of intra-entity transfers of assets other than inventory. ASU 2016-16 is effective for annual periods beginning after December 15, 2017 and interim periods within those periods. We early adopted ASU 2016-16 as of January 1, 2017. Our adoption of this update did not have a material impact on our financial statements.

In November 2016, the FASB issued Accounting Standards Update No. 2016-18, Statement of Cash Flows (Topic 230): Restricted Cash (“ASU 2016-18”). This standard requires restricted cash and restricted cash equivalents to be included with cash and cash equivalents in the statement of cash flows. ASU 2016-18 is effective for annual periods beginning after December 15, 2017 and interim periods within those periods. Early adoption is permitted, which must apply the guidance retrospectively to all periods presented. We are assessing the impact of adopting this new accounting standard on our consolidated financial statements and related disclosures.

In January 2017, the FASB issued Accounting Standards Update No. 2017-04, Intangibles - Goodwill and Other (Topic 350): Simplifying the Test for Goodwill Impairment (“ASU 2017-04”). This standard simplifies the accounting for goodwill impairment by removing Step 2 of the goodwill impairment test, which requires a hypothetical purchase price allocation. A goodwill impairment will now be the amount by which a reporting unit’s carrying amount, including goodwill, exceeds its fair value, not to exceed the carrying amount of goodwill. ASU 2017-04 is effective for annual or any interim goodwill impairment tests in fiscal years beginning after December 15, 2019 and is to be applied on a prospective basis. We early adopted ASU 2017-04 as of January 1, 2017. Our adoption of this update did not have any impact on our condensed consolidated financial statements, but it may impact the recognition and measurement of a goodwill impairment loss in future periods if we determine that the carrying amount of any reporting units including goodwill exceeds fair value of the reporting unit.

In March 2017, the FASB issued Accounting Standards Update No. 2017-08, Receivables - Nonrefundable Fees and Other Costs (Subtopic 310-20): Premium Amortization on Purchased Callable Debt Securities (“ASU 2017-08”). This update shortens the amortization period of premiums on certain purchased callable debt securities to the earliest call date, effectively reducing interest income on such securities prior to the earliest call date. ASU 2017-08 is effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2018. Early adoption is permitted. We are assessing the impact of adopting this new accounting standard on our consolidated financial statements and related disclosures.

Note 3. Discontinued Operations

On January 31, 2017, we and certain of our subsidiaries entered into the Share Exchange Agreement. Pursuant to the Share Exchange Agreement, on February 28, 2017, among other things, EchoStar Corporation and certain of its subsidiaries received all of the shares of the Tracking Stock in exchange for 100% of the equity interests of certain EchoStar subsidiaries that held substantially all of our EchoStar Technologies businesses and certain other assets. Following consummation of the Share Exchange, EchoStar no longer operates the EchoStar Technologies business segment and the EchoStar Tracking Stock and HSS Tracking Stock were retired and are no longer outstanding and all agreements, arrangements and policy statements with respect to such tracking stock terminated and are of no further effect.

As a result of the Share Exchange, the historical financial results of our EchoStar Technologies segment prior to the closing of the Share Exchange are reflected in our condensed consolidated financial statements as discontinued operations and, as such, have been excluded from continuing operations and segment results for all periods presented. The noncontrolling interest in HSS Tracking Stock, as reflected in our stockholders equity, was extinguished as of February 28, 2017 as a result of the Share Exchange.

Note 4. Earnings per Share

We present basic earnings per share (“EPS”) and diluted EPS for our Class A and Class B common stock. Basic EPS for our Class A and Class B common stock excludes potential dilution and is computed by dividing “Net income attributable to EchoStar common stock” by the weighted-average number of common shares outstanding for the period. Diluted EPS reflects the potential dilution that could occur if shares of common stock were issued pursuant to our stock-based compensation awards. The potential dilution from common stock awards was computed using the treasury stock method based on the average market value of our Class A common stock during the period. The calculation of our diluted weighted-average common shares outstanding excluded options to purchase shares of our Class A common stock, whose effect would be anti-dilutive, of 0.7 million shares and 3.3 million shares for the three months ended March 31, 2017 and 2016, respectively.

ECHOSTAR CORPORATION

Prior to the Share Exchange, the EchoStar Tracking Stock was a participating security that shared in our consolidated earnings and therefore, we applied the two-class method to calculate EPS for periods prior to March 1, 2017. Under the two-class method, we allocated net income or loss attributable to EchoStar between common stock and the EchoStar Tracking Stock considering both dividends declared on each class of stock and the participation rights of each class of stock in undistributed earnings. Based on the 51.89% economic interest in the Hughes Retail Group represented by the EchoStar Tracking Stock, we allocated undistributed earnings to the EchoStar Tracking Stock based on 51.89% of the attributed net income or loss of the Hughes Retail Group. Moreover, because the reported amount of “Net income attributable to EchoStar” in our condensed consolidated statements of operations and comprehensive income (loss) excluded DISH Network’s 28.11% economic interest (represented by the HSS Tracking Stock) in the net loss of the Hughes Retail Group (reported as a noncontrolling interest), the amount of consolidated net income or loss allocated to holders of Class A and Class B common stock effectively excluded an aggregate 80.0% of the attributed net loss of the Hughes Retail Group.

The following table presents basic and diluted EPS amounts for all periods and the corresponding weighted-average shares outstanding used in the calculations.

Note 5. Other Comprehensive Income (Loss) and Related Tax Effects

Except in unusual circumstances, we do not recognize tax effects on foreign currency translation adjustments because they are not expected to result in future taxable income or deductions. We have not recognized any tax effects on unrealized gains or losses on available-for-sale securities because such gains or losses would affect the amount of existing capital loss carryforwards for which the related deferred tax asset has been fully offset by a valuation allowance.

Accumulated other comprehensive loss includes net cumulative foreign currency translation losses of \$111.4 million and \$135.4 million as of March 31, 2017 and December 31, 2016, respectively. Other comprehensive income for the three months ended March 31, 2017 includes a \$3.0 million deferred tax benefit for foreign currency translation losses related to an asset that was transferred from a foreign subsidiary to a domestic subsidiary in March 2017.

Reclassifications out of accumulated other comprehensive loss for the three months ended March 31, 2017 and 2016 were as follows:

Our marketable investment securities portfolio consists of various debt and equity instruments, which generally are classified as available-for-sale or trading securities depending on our investment strategy for those securities. The value of our investment portfolio depends on the value of such securities and other instruments comprising the portfolio.

Corporate Bonds

Our corporate bond portfolio includes debt instruments issued by individual corporations, primarily in the industrial and financial services industries.

Strategic Equity Securities

Our strategic investment portfolio consists of investments in shares of common stock of public companies, which are highly speculative and have experienced and continue to experience volatility. We did not receive any dividend income for the three months ended March 31, 2017 or 2016. We recognized a \$3.3 million other-than-temporary impairment for the three months ended March 31, 2017 on one of our investments. This investment had been in a continuous loss position for more than 12 months and experienced a decline in market value as a result of adverse developments during the three months ended March 31, 2017.

For the three months ended March 31, 2017 and 2016, "Gains on investments, net" included gains of \$0.1 million and \$0.2 million, respectively, related to trading securities that we held as of March 31, 2017 and 2016, respectively. The fair values of our trading securities were \$7.3 million and \$7.2 million as of March 31, 2017 and December 31, 2016, respectively.

Other

Our other current marketable investment securities portfolio includes investments in various debt instruments, including U.S. government bonds, commercial paper and mutual funds.

Restricted Cash and Marketable Investment Securities

As of March 31, 2017 and December 31, 2016, our restricted marketable investment securities, together with our restricted cash, included amounts required as collateral for our letters of credit or surety bonds.

We may realize proceeds from certain investments prior to their contractual maturity as a result of our ability to sell these securities prior to their contractual maturity.

Available-for-Sale Securities in a Loss Position

The following table reflects the length of time that our available-for-sale securities have been in an unrealized loss position. We do not intend to sell these securities before they recover or mature, and it is more likely than not that we will hold these securities until they recover or mature. We believe that changes in the estimated fair values of these securities are primarily related to temporary market conditions.

We recognized gains from the sales of our available-for-sale securities of \$2.8 million and \$2.2 million for the three months ended March 31, 2017 and 2016, respectively. We recognized de minimis losses from the sales of our available-for-sale securities for each of the three months ended March 31, 2017 and 2016.

Proceeds from sales of our available-for-sale securities totaled \$22.0 million and \$12.2 million for the three months ended March 31, 2017 and 2016, respectively.

Fair Value Measurements

Our current marketable investment securities are measured at fair value on a recurring basis as summarized in the table below. As of March 31, 2017 and December 31, 2016, we did not have investments that were categorized within Level 3 of the fair value hierarchy.

Investments in Unconsolidated Entities — Noncurrent

We have strategic investments in certain non-publicly traded equity securities that are accounted for using either the equity or the cost method of accounting. Our ability to realize value from our strategic investments in companies that are not publicly traded depends on the success of those companies' businesses and their ability to obtain sufficient capital to execute their business plans. Because private markets are not as liquid as public markets, there is also increased risk that we will not be able to sell these investments, or that when we desire to sell them we will not be able to obtain fair value for them.

We recorded cash distribution from one of these investments accounted for using the equity method of \$7.5 million and zero for the three months ended March 31, 2017 and 2016, respectively. These cash distributions were determined to be a return on investment and reported in cash flows from operating activities in our condensed consolidated statements of cash flows.

In January 2017, we sold our investment in Invidi Technologies Corporation to an entity owned in part by DISH Network. Our investment was accounted for using the cost method and had a carrying amount of \$10.5 million on the date of sale. We recognized a gain of \$8.9 million and received cash proceeds of \$17.8 million in connection with this transaction for the three months ended March 31, 2017. See Note 16 for additional information about this transaction.

In connection with the Share Exchange, our equity interests in NagraStar L.L.C. and SmarDTV SA, which we accounted for using the equity method, and our equity interest in Sling TV Holding L.L.C., which we accounted for using the cost method, were transferred to DISH Network as of February 28, 2017. See Notes 3 and 16 for additional information about the Share Exchange and related party transactions with these companies in which we held equity interests.

Satellites

As of March 31, 2017, our satellite fleet consisted of 19 of our owned and leased satellites in geosynchronous orbit, approximately 22,300 miles above the equator. We depreciate our owned satellites on a straight-line basis over the estimated useful life of each satellite. Three of our satellites are accounted for as capital leases and are depreciated on a straight-line basis over their respective lease terms. We utilized one satellite that is accounted for as an operating lease and not included in property and equipment as of March 31, 2017.

Recent Developments

EchoStar VIII. During the second quarter of 2017, EchoStar VIII was removed from its orbital location and retired from commercial service. This retirement is not expected to have a material impact on our results of operations or financial position.

EchoStar XIX. The EchoStar XIX satellite was launched in December 2016 and was placed into service in March 2017. The EchoStar XIX satellite provides additional capacity for the Hughes broadband services to our customers in North America and added capacity in Mexico and certain Latin American countries and is expected to add capability for aeronautical, enterprise and international broadband services. EchoStar contributed the EchoStar XIX satellite to its Hughes segment in February 2017.

EchoStar XXI and EchoStar 105/SES-11. Due to anomalies experienced by our launch providers, the launch dates of our EchoStar XXI and EchoStar 105/SES-11 satellites were delayed and are expected to launch in the second quarter and third or fourth quarter of 2017, respectively. We had regulatory obligations to meet certain milestones by the fourth quarter of 2016 regarding the operations of the EchoStar XXI satellite across the European Union (the “EU”). We have notified the regulators in the EU of our delay and we intend to seek extensions of certain of these requirements to the extent we determine necessary. Because of the delay, we may be subject to additional conditions, penalties or other requirements. Our Ku-band payload on the EchoStar 105/SES-11 satellite will replace our current capacity on the AMC-15 satellite.

EchoStar XXIII. The EchoStar XXIII satellite was launched in March 2017 and placed into service at the 45 degree west longitude orbital location in the second quarter of 2017. We have regulatory obligations to meet certain in-service milestones by the second quarter of 2017 for our Brazilian license at the 45 degree west longitude orbital location for the Ka-, Ku- and S-

band frequency bands. We have met our regulatory milestone for the Ku-band. We have sought an extension of the S- and Ka-band milestones, which may or may not be granted, and, if granted, may be subject to penalties, additional conditions or other requirements.

Satellite Anomalies

Our satellites may experience anomalies from time to time, some of which may have a significant adverse impact on their remaining useful lives, the commercial operation of the satellites or our operating results. We are not aware of any anomalies with respect to our owned or leased satellites that have had any such material adverse effect during the three months ended March 31, 2017. There can be no assurance, however, that anomalies will not have any such adverse impacts in the future. In addition, there can be no assurance that we can recover critical transmission capacity in the event one or more of our in-orbit satellites were to fail.

We historically have not carried in-orbit insurance on our satellites because we assessed that the cost of insurance was uneconomical relative to the risk of failures. Therefore, we generally bear the risk of any in-orbit failures. Pursuant to the terms of the agreements governing certain portions of our indebtedness, we are required, subject to certain limitations on coverage, to maintain in-orbit insurance for our SPACEWAY 3, EchoStar XVI, and EchoStar XVII satellites. Based on economic analysis of the current insurance market we obtained launch plus one year in-orbit insurance for the EchoStar XIX and EchoStar XXIII satellites and intend to obtain such insurance for the EchoStar XXI satellite and our interest in the EchoStar 105/SES-11 satellite. All other satellites, either in orbit or under construction, are not covered by launch or in-orbit insurance. We will continue to assess circumstances going forward and make insurance decisions on a case by case basis.

Note 10. Goodwill, Regulatory Authorizations and Other Intangible Assets

Goodwill

The excess of the cost of an acquired business over the fair values of net tangible and identifiable intangible assets at the time of the acquisition is recorded as goodwill. Goodwill is assigned to the reporting units within our operating segments and is subject to impairment testing annually, or more frequently when events or changes in circumstances indicate the fair value of a reporting unit is more likely than not less than its carrying amount.

As of March 31, 2017 and December 31, 2016, all goodwill related to our continuing operations was assigned to reporting units of our Hughes segment. We test this goodwill for impairment annually in the second quarter.

Regulatory Authorizations

Regulatory authorizations included amounts with finite and indefinite useful lives, as follows:

Other intangible assets are amortized on a straight-line basis over the periods the assets are expected to contribute to our cash flows. Intangible asset amortization expense, including amortization of regulatory authorizations with finite lives and externally marketed capitalized software, was \$12.7 million and \$16.3 million for the three months ended March 31, 2017 and 2016, respectively.

Note 12. Income Taxes

Our tax provision for interim periods is determined using an estimate of our annual effective tax rate, adjusted for discrete items, if any, that are taken into account in the relevant period. Each quarter we update our estimate of the annual effective tax rate, and if our estimated tax rate changes, we make a cumulative adjustment.

Our quarterly tax provision, and our quarterly estimate of our annual effective tax rate, is subject to significant volatility due to several factors, including income and losses from investments for which we have a full valuation allowance, changes in tax laws and relative changes in unrecognized tax benefits. Additionally, our effective tax rate can be more or less volatile based on the amount of pre-tax income. For example, the impact of discrete items and non-deductible expenses on our effective tax rate is greater when our pre-tax income is lower.

Income tax benefit was approximately \$12.0 thousand for the three months ended March 31, 2017 compared to an income tax expense of approximately \$20.2 million for the three months ended March 31, 2016. Our estimated effective income tax rate was zero and 36.3% for the three months ended March 31, 2017 and 2016, respectively. The variations in our effective tax rate from the U.S. federal statutory rate for the three months ended March 31, 2017 were primarily due to the recognition of a one-time tax benefit for the revaluation of our deferred tax assets and liabilities due to a change in our state effective tax rate as a result of the Share Exchange Agreement. The tax benefit recognized from the change in our effective tax rate was partially offset by the increase in our valuation allowance associated with certain state and foreign losses. The variations in our effective tax rate from the U.S. federal statutory rate for the three months ended March 31, 2016 were primarily due to the impact of state and local taxes, partially offset by research and experimentation credits.

Note 13. Stock-Based Compensation

We maintain stock incentive plans to attract and retain officers, directors and key employees. Stock awards under these plans include both performance based and non-performance based stock incentives. We granted stock options and other incentive awards to our employees and nonemployee directors to acquire 3,250 shares and 195,840 shares of our Class A common stock for the three months ended March 31, 2017 and 2016, respectively.

Total non-cash, stock-based compensation expense is shown in the following table for the three months ended March 31, 2017 and 2016 and was assigned to the same expense categories as the base compensation for such employees:

	For the Three Months Ended March 31,

Research and development expenses	\$ 231	\$ 272

As of March 31, 2017, total unrecognized stock-based compensation cost, net of estimated forfeitures, related to our unvested stock awards was \$17.7 million.

Note 14. Commitments and Contingencies**Commitments**

As of March 31, 2017, our satellite-related obligations were approximately \$705.3 million. Our satellite-related obligations primarily include payments pursuant to agreements for the construction of the EchoStar XXI and EchoStar 105/SES-11 satellites; payments pursuant to launch services contracts and regulatory authorizations; executory costs for our capital lease satellites; costs under satellite service agreements; and in-orbit incentives relating to certain satellites; as well as commitments for long-term satellite operating leases and satellite service arrangements.

Contingencies

Patents and Intellectual Property

Many entities, including some of our competitors, have or may in the future obtain patents and other intellectual property rights that cover or affect products or services directly or indirectly related to those that we offer. We may not be aware of all patents and other intellectual property rights that our products and services may potentially infringe. Damages in patent infringement cases can be substantial, and in certain circumstances can be trebled. Further, we cannot estimate the extent to which we may be required in the future to obtain licenses with respect to intellectual property rights held by others and the availability and cost of any such licenses. Various parties have asserted patent and other intellectual property rights with respect to components within our direct broadcast satellite (“DBS”) products and services. We cannot be certain that these persons do not own the rights they claim, that these rights are not valid or that our products and services do not infringe on these rights. Further, we cannot be certain that we would be able to obtain licenses from these persons on commercially reasonable terms or, if we were unable to obtain such licenses, that we would be able to redesign our products and services to avoid infringement.

Separation Agreement; Share Exchange

In connection with the Spin-off, we entered into a separation agreement with DISH Network that provides, among other things, for the division of certain liabilities, including liabilities resulting from litigation. Under the terms of the separation agreement, we have assumed certain liabilities that relate to our business, including certain designated liabilities for acts or omissions that occurred prior to the Spin-off. Certain specific provisions govern intellectual property related claims under which, generally, we will only be liable for our acts or omissions following the Spin-off and DISH Network will indemnify us for any liabilities or damages resulting from intellectual property claims relating to the period prior to the Spin-off, as well as DISH Network’s acts or omissions following the Spin-off. Additionally, in connection with the Share Exchange, we entered into the Share Exchange Agreement and other agreements which provide, among other things, for the division of certain liabilities, including liabilities relating to taxes, intellectual property and employees and liabilities resulting from litigation and the assumption of certain liabilities that relate to the transferred businesses and assets. These agreements also contain additional indemnification provisions between us and DISH Network for certain pre-existing liabilities and legal proceedings.

Litigation

We are involved in a number of legal proceedings (including those described below) concerning matters arising in connection with the conduct of our business activities. Many of these proceedings are at preliminary stages and/or seek an indeterminate amount of damages. We regularly evaluate the status of the legal proceedings in which we are involved to assess whether a loss is probable or there is a reasonable possibility that a loss or an additional loss may have been incurred and to determine if accruals are appropriate. We record an accrual for litigation and other loss contingencies when we determine that a loss is probable and the amount of the loss can be reasonably estimated. If accruals are not appropriate, we further evaluate each legal proceeding to assess whether an estimate of possible loss or range of loss can be made. There can be no assurance that legal proceedings against us will be resolved in amounts that will not differ from the amounts of our recorded accruals. Legal fees and other costs of defending litigation are charged to expense as incurred.

For certain cases described below, management is unable to predict with any degree of certainty the outcome or provide a meaningful estimate of the possible loss or range of possible loss because, among other reasons, (i) the proceedings are in various stages; (ii) damages have not been sought or specified; (iii) damages are unsupported, indeterminate and/or exaggerated in management’s opinion; (iv) there is uncertainty as to the outcome of pending appeals or motions; (v) there are significant factual issues to be resolved; and/or (vi) there are novel legal issues or unsettled legal theories to be presented or a large number of parties are involved (as with many patent-related cases). For these cases, however, management does not believe, based on currently available information, that the outcomes of these proceedings will have a material adverse effect on our financial condition, operating results or cash flows, though there is no assurance that the resolution and outcomes of these proceedings, individually or in the aggregate, will not be material to our financial condition, operating results or cash flows for any particular period, depending, in part, upon the operating results for such period.

We intend to vigorously defend the proceedings against us. In the event that a court ultimately rules against us, we may be subject to adverse consequences, including, without limitation, substantial damages, which may include treble damages, fines, penalties, compensatory damages and/or other equitable or injunctive relief that could require us to materially modify our business operations or certain products or services that we offer to our consumers.

Elbit

On January 23, 2015, Elbit Systems Land and C4I LTD and Elbit Systems of America Ltd. (together referred to as “Elbit”) filed a complaint against our subsidiary Hughes Network Systems, L.L.C. (“HNS”), as well as against Black Elk Energy Offshore Operations, LLC, Bluetide Communications, Inc. and Helm Hotels Group, in the United States District Court for the Eastern District of Texas, alleging infringement of United States Patent Nos. 6,240,073 (the “073 patent”) and 7,245,874 (“874 patent”). The 073 patent is entitled “Reverse Link for a Satellite Communication Network” and the 874 patent is entitled “Infrastructure for Telephony Network.” Elbit alleges that the 073 patent is infringed by broadband satellite systems that practice the Internet Protocol Over Satellite standard. Elbit alleges that the 874 patent is infringed by the manufacture and sale of broadband satellite systems that provide cellular backhaul service via connections to E1 or T1 interfaces at cellular backhaul base stations. On April 2, 2015, Elbit filed an amended complaint removing Helm Hotels Group as a defendant, but making similar allegations against a new defendant, Country Home Investments, Inc. On November 3 and 4, 2015, and January 22, 2016, the defendants filed petitions before the United States Patent and Trademark Office challenging the validity of the patents in suit, which the Patent and Trademark Office subsequently declined to institute. On April 13, 2016, the defendants answered Elbit’s complaint. Trial is scheduled to commence on July 31, 2017.

Michael Heskiaoff, Marc Langenohl, and Rafael Mann

On July 10, 2015, Messrs. Michael Heskiaoff and Marc Langenohl, purportedly on behalf of themselves and all others similarly situated, filed suit against our now former subsidiary Sling Media, Inc. in the United States District Court for the Southern District of New York. The complaint alleges that Sling Media Inc.’s display of advertising to its customers violates a number of state statutes dealing with consumer deception. On September 25, 2015, the plaintiffs filed an amended complaint, and Mr. Rafael Mann, purportedly on behalf of himself and all others similarly situated, filed an additional complaint alleging similar causes of action. On November 16, 2015, the cases were consolidated. On August 12, 2016, the Court dismissed the consolidated case due to plaintiffs’ failure to state a claim. On September 12, 2016, the plaintiffs moved the Court for leave to file an amended complaint, which the Court denied on March 22, 2017. On April 17, 2017, the plaintiffs filed a notice of appeal.

Realtime Data LLC

On May 8, 2015, Realtime Data LLC (“Realtime”) filed suit against EchoStar Corporation and our subsidiary HNS in the United States District Court for the Eastern District of Texas alleging infringement of United States Patent Nos. 7,378,992, entitled “Content Independent Data Compression Method and System”; 7,415,530, entitled “System and Methods for Accelerated Data Storage and Retrieval”; and 8,643,513, entitled “Data Compression System and Methods.” On September 14, 2015, Realtime amended its complaint, additionally alleging infringement of United States Patent No. 9,116,908, entitled “System and Methods for Accelerated Data Storage and Retrieval.” Realtime generally alleges that the asserted patents are infringed by certain HNS data compression products and services. Over April 29, 2016 and May 5, 2016, the defendants filed petitions before the United States Patent and Trademark Office challenging the validity of the asserted patents. The United States Patent and Trademark Office has instituted proceedings on each of those petitions, but the litigation has not been stayed. On February 14, 2017, Realtime filed a second suit against EchoStar Corporation and our subsidiary HNS in the same District Court, alleging infringement of four additional United States Patents, Nos. 7,358,867, entitled “Content Independent Data Compression Method and System;” 8,502,707, entitled “Data Compression Systems and Methods;” 8,717,204, entitled “Methods for Encoding and Decoding Data;” and 9,054,728, entitled “Data Compression System and Methods.” The cases have been consolidated and no trial date has been set. Realtime is an entity that seeks to license an acquired patent portfolio without itself practicing any of the claims recited therein.

Shareholder Derivative Litigation

On December 5, 2012, Greg Jacobi, purporting to sue derivatively on behalf of EchoStar Corporation, filed suit (the “Jacobi Litigation”) against Charles W. Ergen, Michael T. Dugan, R. Stanton Dodge, Tom A. Ortoff, C. Michael Schroeder, Joseph P. Clayton, David K. Moskowitz, and EchoStar Corporation in the United States District Court for the District of Nevada. The complaint alleges that a March 2011 attempted grant of 1.5 million stock options to Charles Ergen breached defendants’ fiduciary duties, resulted in unjust enrichment, and constituted a waste of corporate assets.

On December 18, 2012, Chester County Employees' Retirement Fund, derivatively on behalf of EchoStar Corporation, filed a suit (the "Chester County Litigation") against Charles W. Ergen, Michael T. Dugan, R. Stanton Dodge, Tom A. Ortoff, C. Michael Schroeder, Anthony M. Federico, Pradman P. Kaul, Joseph P. Clayton, and EchoStar Corporation in the United States District Court for the District of Colorado. The complaint similarly alleges that the March 2011 attempted grant of 1.5 million stock options to Charles Ergen breached defendants' fiduciary duties, resulted in unjust enrichment, and constituted a waste of corporate assets.

On February 22, 2013, the Chester County Litigation was transferred to the District of Nevada, and on April 3, 2013, the Chester County Litigation was consolidated into the Jacobi Litigation. Oral argument on a motion to dismiss the Jacobi Litigation was held February 21, 2014. On April 11, 2014, the Chester County Litigation was stayed pending resolution of the motion to dismiss. On March 30, 2015, the Court dismissed the Jacobi Litigation, with leave for Jacobi to amend his complaint by April 20, 2015. On April 20, 2015, Jacobi filed an amended complaint, which on June 12, 2015, we moved to dismiss. On March 17, 2016, the Court dismissed the amended Jacobi Litigation, and on July 25, 2016, Jacobi filed an appeal brief with the United States Court of Appeals for the Ninth Circuit. Our answering brief was filed on September 22, 2016.

Of the attempted grant of 1.5 million options to Mr. Ergen in 2011, only 800,000 were validly granted.

Other

In addition to the above actions, we are subject to various other legal proceedings and claims, which arise in the ordinary course of our business. As part of our ongoing operations, the Company is subject to various inspections, audits, inquiries, investigations and similar actions by third parties, as well as by governmental/regulatory authorities responsible for enforcing the laws and regulations to which the Company may be subject. Further, under the federal False Claims Act, private parties have the right to bring qui tam, or "whistleblower," suits against companies that submit false claims for payments to, or improperly retain overpayments from, the federal government. Some states have adopted similar state whistleblower and false claims provisions. In addition, the Company from time to time receives inquiries from federal, state and foreign agencies regarding compliance with various laws and regulations.

In our opinion, the amount of ultimate liability with respect to any of these actions is unlikely to materially affect our financial position, results of operations or cash flows, though the resolutions and outcomes, individually or in the aggregate, could be material to our financial position, operating results or cash flows for any particular period, depending, in part, upon the operating results for such period.

The Company indemnifies its directors, officers and employees for certain liabilities that might arise from the performance of their responsibilities for the Company. Additionally, in the normal course of its business, the Company enters into contracts pursuant to which the Company may make a variety of representations and warranties and indemnify the counterparty for certain losses. The Company's possible exposure under these arrangements cannot be reasonably estimated as this involves the resolution of claims made, or future claims that may be made, against the Company or its officers, directors or employees, the outcomes of which are unknown and not currently predictable or estimable.

Note 15. Segment Reporting

Operating segments are business components of an enterprise for which separate financial information is available and regularly evaluated by the chief operating decision maker ("CODM"), who for EchoStar is the Company's Chief Executive Officer. Prior to March 2017, we operated in three primary business segments, Hughes, EchoStar Technologies and ESS. Following consummation of the Share Exchange described in Note 3 of these condensed consolidated financial statements, we no longer operate the EchoStar Technologies business segment. The primary measure of segment profitability that is reported regularly to our CODM is earnings before interest, taxes, depreciation and amortization, or EBITDA. Effective in March 2017, we have also changed our overhead allocation methodology to reflect how the CODM evaluates our segments. Historically, the costs of all corporate functions were included on an allocated basis in each of the business segments' EBITDA. Under the revised allocation methodology, these costs are now reported and analyzed as part of "Corporate and Other" (previously "All Other and Eliminations"). Our prior period segment EBITDA disclosures have been restated to reflect this change.

As of March 2017, our two primary business segments are Hughes and ESS, as described in Note 1 of these condensed consolidated financial statements.

Our operations also include various corporate departments (primarily Executive, Strategic Development, Human Resources, IT, Finance, Real Estate and Legal) as well as other activities that have not been assigned to our operating segments, including costs incurred in certain satellite development programs and other business development activities, our centralized treasury operations, and gains (losses) from certain of our investments. Costs and income associated with these departments and activities are accounted for in the “Corporate and Other” column in the table below or in the reconciliation of EBITDA below.

Transactions between segments were not significant for the three months ended March 31, 2017 or 2016. Total assets by segment have not been reported herein because the information is not provided to our CODM on a regular basis.

The following table presents revenue, EBITDA, and capital expenditures for each of our operating segments.

DISH Network

Following the Spin-off, we and DISH have operated as separate publicly-traded companies. However, prior to the consummation of the Share Exchange on February 28, 2017, DISH Network owned the Tracking Stock representing an aggregate 80.0% economic interest in the residential retail satellite broadband business of our Hughes segment. Following the consummation of the Share Exchange, the Tracking Stock was retired. In addition, a substantial majority of the voting power of the shares of EchoStar and DISH is owned beneficially by Charles W. Ergen, our Chairman, and by certain trusts established by Mr. Ergen for the benefit of his family.

In connection with and following both the Spin-off and the Share Exchange, we and DISH Network have entered into certain agreements pursuant to which we obtain certain products, services and rights from DISH Network; DISH Network obtains certain products, services and rights from us; and we and DISH Network have indemnified each other against certain liabilities arising from our respective businesses. We also may enter into additional agreements with DISH Network in the future. Generally, the amounts we or DISH Network pay for products and services provided under the agreements are based on cost plus a fixed margin (unless noted differently below or in our most recent Annual Report on Form 10-K), which varies depending on the nature of the products and services provided.

The following is a summary of the terms of our principal agreements with DISH Network that may have an impact on our financial condition and results of operations.

Equipment revenue — DISH Network

Receiver Agreement. Effective January 2012, one of our subsidiaries and DISH Network entered into a receiver agreement (the “2012 Receiver Agreement”), pursuant to which DISH Network had the right, but not the obligation, to purchase digital set-top boxes, related accessories, and other equipment from us for the period from January 2012 through December 2014. The 2012 Receiver Agreement replaced the receiver agreement one of our subsidiaries entered into with DISH Network in connection with the Spin-off. The 2012 Receiver Agreement allowed DISH Network to purchase digital set-top boxes, related accessories, and other equipment from us either: (i) at cost (decreasing as we reduced costs and increasing as costs increased) plus a dollar mark-up which depended upon the cost of the product subject to a collar on our mark-up; or (ii) at cost plus a fixed margin, which depended on the nature of the equipment purchased. Under the 2012 Receiver Agreement, our margins would have increased if we were able to reduce the costs of our digital set-top boxes and our margins would have reduced if these costs increased. One of our subsidiaries provided DISH Network with standard manufacturer warranties for the goods sold under the 2012 Receiver Agreement. Additionally, the 2012 Receiver Agreement included an indemnification provision, whereby the parties agreed to indemnify each other for certain intellectual property matters. In November 2016, one of our subsidiaries and DISH Network amended this agreement to extend its term for one year through December 2017. This agreement was transferred to DISH Network as part of the Share Exchange and EchoStar has no further obligations and will earn no additional revenue under this agreement after February 2017.

Services and other revenue — DISH Network

Broadcast Agreement. Effective January 2012, one of our subsidiaries and DISH Network entered into a broadcast agreement (the “2012 Broadcast Agreement”), pursuant to which we provided certain broadcast services to DISH Network, including teleport services such as transmission and downlinking, channel origination services, and channel management services, for the period from January 2012 through December 2016. In November 2016, one of our subsidiaries and DISH Network amended the 2012 Broadcast Agreement to extend the term for one year through December 2017. The fees for the services provided under the 2012 Broadcast Agreement were calculated at either: (a) our cost of providing the relevant service plus a fixed dollar fee, which was subject to certain adjustments; or (b) our cost of providing the relevant service plus a fixed margin, depending on the nature of the services provided. This agreement was transferred to DISH Network as part of the Share Exchange and EchoStar has no further obligations and will earn no additional revenue under this agreement after February 2017.

Broadcast Agreement for Certain Sports Related Programming. In May 2010, one of our subsidiaries and DISH Network entered into a broadcast agreement pursuant to which we provided certain broadcast services to DISH Network in connection with its carriage of certain sports related programming. The term of this agreement was ten years. The fees for the broadcast services provided under this agreement depended, among other things, upon the cost to develop and provide such services. This agreement was transferred to DISH Network as part of the Share Exchange and EchoStar has no further obligations and will earn no additional revenue under this agreement after February 2017.

RUS Implementation Agreement. In September 2010, DISH Broadband L.L.C. (“DISH Broadband”), DISH’s indirect, wholly-owned subsidiary, was selected by the Rural Utilities Service (“RUS”) of the United States Department of Agriculture to receive up to approximately \$14.1 million in broadband stimulus grant funds (the “Grant Funds”). Effective November 2011, HNS and DISH Broadband entered into a RUS Implementation Agreement (the “RUS Agreement”) pursuant to which HNS provided certain portions of the equipment and broadband service used to implement DISH Broadband’s RUS program. While the RUS Agreement expired in June 2013 when the Grant Funds were exhausted, HNS is required to continue providing

services to DISH Broadband's customers activated prior to the expiration of the RUS Agreement in accordance with the terms and conditions of the RUS Agreement.

Satellite Services Provided to DISH Network. Since the Spin-off, we have entered into certain satellite service agreements pursuant to which DISH Network receives satellite services on certain satellites owned or leased by us. The fees for the services provided under these satellite service agreements depend, among other things, upon the orbital location of the applicable satellite, the number of transponders that are providing services on the applicable satellite, and the length of the service arrangements. The terms of each service arrangement is set forth below:

EchoStar VII, EchoStar X, EchoStar XI and EchoStar XIV. As part of the Satellite and Tracking Stock Transaction, described below, in March 2014, we began providing certain satellite services to DISH Network on the EchoStar VII, EchoStar X, EchoStar XI and EchoStar XIV satellites. The term of each satellite services agreement generally terminates upon the earlier of: (i) the end of life of the satellite; (ii) the date the satellite fails; or (iii) a certain date, which depends upon, among other things, the estimated useful life of the satellite. DISH Network generally has the option to renew each satellite service agreement on a year-to-year basis through the end of the respective satellite's life. There can be no assurance that any options to renew such agreements will be exercised. In December 2016, DISH Network renewed the satellite services agreement relative to the EchoStar VII satellite for one year to June 2018.

EchoStar IX. Effective January 2008, DISH Network began receiving satellite services from us on the EchoStar IX satellite. Subject to availability, DISH Network generally has the right to continue to receive satellite services from us on the EchoStar IX satellite on a month-to-month basis.

EchoStar XII. DISH Network receives satellite services from us on the EchoStar XII satellite. The term of the satellite services agreement terminates September 2017.

EchoStar XVI. In December 2009, we entered into an initial ten-year transponder service agreement with DISH Network, pursuant to which DISH Network has received satellite services from us on the EchoStar XVI satellite since January 2013. Effective December 2012, we and DISH Network amended the transponder service agreement to, among other things, change the initial term to generally expire upon the earlier of: (i) the end-of-life or replacement of the satellite; (ii) the date the satellite fails; (iii) the date the transponder(s) on which service is being provided under the agreement fails; or (iv) four years following the actual service commencement date. In July 2016, we and DISH Network further amended the transponder service agreement to, among other things, extend the initial term by one additional year through January 2018 and to reduce the term of the first renewal option by one year. Prior to expiration of the initial term, we, upon certain conditions, and DISH Network have the option to renew for an additional five-year period. If either we or DISH Network exercise our respective five-year renewal options, DISH Network has the option to renew for an additional five-year period prior to expiration of the then-current term. There can be no assurance that any option to renew this agreement will be exercised. In the event that we or DISH Network does not exercise the first five-year renewal option or DISH Network does not exercise the second five-year renewal option, DISH Network has the option to purchase the EchoStar XVI satellite for a certain price. If DISH Network does not elect to purchase the EchoStar XVI satellite at that time, we may sell the EchoStar XVI satellite to a third party and DISH Network is required to pay us a certain amount in the event we are not able to sell the EchoStar XVI satellite for more than a certain amount.

Nimiq 5 Agreement. In September 2009, we entered into a fifteen-year satellite service agreement with Telesat Canada ("Telesat") to receive service on all 32 DBS transponders on the Nimiq 5 satellite at the 72.7 degree west longitude orbital location (the "Telesat Transponder Agreement"). In September 2009, we also entered into a satellite service agreement (the "DISH Nimiq 5 Agreement") with DISH Network, pursuant to which DISH Network receives satellite services from us on all 32 of the DBS transponders covered by the Telesat Transponder Agreement.

Under the terms of the DISH Nimiq 5 Agreement, DISH Network makes certain monthly payments to us that commenced in September 2009, when the Nimiq 5 satellite was placed into service, and continue through the service term. Unless earlier terminated under the terms and conditions of the DISH Nimiq 5 Agreement, the service term will expire in October 2019. Upon expiration of the initial term, DISH Network has the option to renew the DISH Nimiq 5 Agreement on a year-to-year basis through the end of life of the Nimiq 5 satellite. Upon in-orbit failure or end of life of the Nimiq 5 satellite, and in certain other circumstances, DISH Network has certain rights to receive service from us on a replacement satellite. There can be no assurance that any options to renew the DISH Nimiq 5 Agreement will be exercised or that DISH Network will exercise its option to receive service on a replacement satellite.

QuetzSat-1 Agreement. In November 2008, we entered into a ten-year satellite service agreement with SES Latin America, which provides, among other things, for the provision by SES Latin America to us of service on 32 DBS transponders on the QuetzSat-1 satellite. Concurrently, in 2008, we entered into a transponder service agreement with DISH Network, pursuant to which DISH Network receives satellite services on 24 of the DBS transponders on the QuetzSat-1 satellite. The QuetzSat-1 satellite was launched in September 2011 and was placed into service in November 2011 at the 67.1 degree west longitude orbital location. In February 2013, we and DISH Network entered into an agreement pursuant to which we receive certain satellite services from DISH Network on five DBS transponders on the QuetzSat-1 satellite. In January 2013, the QuetzSat-1 satellite was moved to the 77 degree west longitude orbital location and DISH Network commenced commercial operations at such location in February 2013.

Under the terms of our contractual arrangements with DISH Network, we began to provide service to DISH Network on the QuetzSat-1 satellite in February 2013 and will continue to provide service through the remainder of the service term. Unless extended or earlier terminated under the terms and conditions of our agreement with DISH Network for the QuetzSat-1 satellite, the initial service term will expire in November 2021. Upon expiration of the initial service term, DISH Network has the option to renew the agreement for the QuetzSat-1 satellite on a year-to-year basis through the end of life of the QuetzSat-1 satellite. Upon an in-orbit failure or end of life of the QuetzSat-1 satellite, and in certain other circumstances, DISH Network has certain rights to receive service from us on a replacement satellite. There can be no assurance that any options to renew this agreement will be exercised or that DISH Network will exercise its option to receive service on a replacement satellite.

103 Degree Orbital Location/SES-3. In May 2012, we entered into a spectrum development agreement (the “103 Spectrum Development Agreement”) with Ciel Satellite Holdings Inc. (“Ciel”) to develop certain spectrum rights at the 103 degree west longitude orbital location (the “103 Spectrum Rights”). In June 2013, we and DISH Network entered into a spectrum development agreement (the “DISH 103 Spectrum Development Agreement”) pursuant to which DISH Network may use and develop the 103 Spectrum Rights. Unless earlier terminated under the terms and conditions of the DISH 103 Spectrum Development Agreement, the term generally will continue for the duration of the 103 Spectrum Rights.

In connection with the 103 Spectrum Development Agreement, in May 2012, we also entered into a ten-year service agreement with Ciel pursuant to which we receive certain satellite services from Ciel on the SES-3 satellite at the 103 degree orbital location. In June 2013, we and DISH Network entered into an agreement pursuant to which DISH Network receives certain satellite services from us on the SES-3 satellite (the “DISH 103 Service Agreement”). Under the terms of the DISH 103 Service Agreement, DISH Network makes certain monthly payments to us through the service term. Unless earlier terminated under the terms and conditions of the DISH 103 Service Agreement, the initial service term will expire on the earlier of: (i) the date the SES-3 satellite fails; (ii) the date the transponder(s) on which service was being provided under the agreement fails; or (iii) June 2023. Upon in-orbit failure or end of life of the SES-3 satellite, and in certain other circumstances, DISH Network has certain rights to receive service from us on a replacement satellite. There can be no assurance that DISH Network will exercise its option to receive service on a replacement satellite.

Satellite and Tracking Stock Transaction. In February 2014, we entered into agreements with DISH Network to implement a transaction pursuant to which, among other things: (i) in March 2014, EchoStar and HSS issued shares of the Tracking Stock to DISH Network in exchange for five satellites owned by DISH Network (EchoStar I, EchoStar VII, EchoStar X, EchoStar XI and EchoStar XIV) (including assumption of related in-orbit incentive obligations) and approximately \$11.4 million in cash; and (ii) in March 2014, DISH Network began receiving certain satellite services on these five satellites from us (collectively, the “Satellite and Tracking Stock Transaction.”) The Tracking Stock was retired in March 2017 and is no longer outstanding and all agreements, arrangements and policy statements with respect to such Tracking Stock terminated and are of no further effect. See Note 3 for further information.

TT&C Agreement. Effective January 2012, we entered into a telemetry, tracking and control (“TT&C”) agreement pursuant to which we provide TT&C services to DISH Network for a period ending in December 2016 (the “2012 TT&C Agreement”). In November 2016, we and DISH Network amended the 2012 TT&C Agreement to extend the term for one year through December 2017. The 2012 TT&C Agreement replaced the TT&C agreement we entered into with DISH Network in connection with the Spin-off. The fees for services provided under the 2012 TT&C Agreement are calculated at either: (i) a fixed fee or (ii) cost plus a fixed margin, which will vary depending on the nature of the services provided. DISH Network is able to terminate the 2012 TT&C Agreement for any reason upon 60 days’ notice.

In connection with the Satellite and Tracking Stock Transaction, in February 2014, we amended the TT&C Agreement to cease the provision of TT&C services to DISH Network for the EchoStar I, EchoStar VII, EchoStar X, EchoStar XI and EchoStar XIV satellites. Effective March 2014, we provide TT&C services for the D-1 and EchoStar XV satellites; however, for the period that we received satellite services on the EchoStar XV satellite from DISH Network, we waived the fees for the TT&C services on the EchoStar XV satellite. Effective August 2016, we provide TT&C services to DISH Network for the EchoStar XVIII satellite.

Real Estate Leases to DISH Network. We have entered into lease agreements pursuant to which DISH Network leases certain real estate from us. The rent on a per square foot basis for each of the leases is comparable to per square foot rental rates of similar commercial property in the same geographic area at the time of the lease, and DISH Network is responsible for its portion of the taxes, insurance, utilities and maintenance of the premises. The term of each of the leases is set forth below:

100 Inverness Lease Agreement. In connection with the Share Exchange, effective March 2017, DISH Network leases from us certain space at 100 Inverness Circle East, Englewood, Colorado for a period ending in December 2020. This agreement may be terminated by either party upon 180 days' prior notice. This agreement may be extended by mutual consent, in which case this agreement will be converted to a month-to-month lease agreement. Upon extension, either party has the right to terminate this agreement upon 30 days' notice.

90 Inverness Lease Agreement. The lease for certain space at 90 Inverness Circle East, Englewood, Colorado was for a period ending in December 2016. In February 2016, DISH Network terminated this lease effective in August 2016.

Meridian Lease Agreement. The lease for all of 9601 S. Meridian Blvd., Englewood, Colorado was for a period ending in December 2016. Effective December 2016, we and DISH Network amended this lease to, among other things, extend the term for one year through December 2017. This agreement may be extended by mutual consent, in which case this agreement will be converted to a month-to-month lease agreement. Upon extension, either party has the right to terminate this agreement upon 30 days' notice.

Santa Fe Lease Agreement. The lease for all of 5701 S. Santa Fe Dr., Littleton, Colorado was for a period ending in December 2016. Effective December 2016, we and DISH Network amended this lease to, among other things, extend the term for one year through December 2017. This agreement may be extended by mutual consent, in which case this agreement will be converted to a month-to-month lease agreement. Upon extension, either party has the right to terminate this agreement upon 30 days' notice.

In connection with the consummation of the Share Exchange, we and DISH amended and restated the Professional Services Agreement to provide that we and DISH Network shall have the right to receive additional services that either we or DISH Network may require as a result of the Share Exchange. The term of the Amended and Restated Professional Services Agreement is through January 2018 and renews automatically for successive one-year periods thereafter, unless the agreement is terminated earlier by either party upon at least 60 days' notice. However, either party may terminate the Amended and Restated Professional Services Agreement in part with respect to any particular service it receives for any reason upon at least 30 days' notice.

El Paso Lease Agreement. The lease for certain space at 1285 Joe Battle Blvd., El Paso, Texas, was for an initial period ending in August 2015, and provided us with renewal options for four consecutive three-year terms. Other agreements — DISH Network

Share Exchange Agreement. On January 31, 2017, EchoStar Corporation and certain of its subsidiaries entered into the Share Exchange Agreement with DISH and certain of its subsidiaries, pursuant to which on February 28, 2017, EchoStar Corporation and its subsidiaries received all of the shares of the Tracking Stock in exchange for 100% of the equity interests of certain EchoStar subsidiaries that held substantially all of our EchoStar Technologies businesses and certain other assets. Following consummation of the Share Exchange on February 28, 2017, EchoStar no longer operates the transferred EchoStar Technologies businesses and the Tracking Stock was retired and is no longer outstanding and all agreements, arrangements and policy statements with respect to such Tracking Stock terminated and are of no further effect. Pursuant to the Share Exchange Agreement, EchoStar transferred certain assets, investments in joint ventures, spectrum licenses and real estate properties and DISH Network assumed certain liabilities relating to the transferred assets and businesses. The Share Exchange Agreement contains customary representations and warranties by the parties, including representations by EchoStar related to the transferred assets, assumed liabilities and the financial condition of the transferred businesses. EchoStar and DISH Network have also agreed to customary indemnification provisions whereby each party indemnifies the other against certain losses with respect to breaches of representations, warranties or covenants and certain liabilities and if certain actions undertaken by it causes the transaction to be taxable to the other party after closing. See Note 3 for further information.

Intellectual Property Matters Agreement. We entered into an Intellectual Property Matters Agreement with DISH Network in connection with the Spin-off. The Intellectual Property Matters Agreement governed our relationship with DISH Network with respect to patents, trademarks and other intellectual property. Pursuant to the Intellectual Property Matters Agreement, DISH Network irrevocably assigned to us all right, title and interest in certain patents, trademarks and other intellectual property necessary for the operation of our set-top box business. In addition, the agreement permitted us to use, in the operation of our set-top box business, certain other intellectual property currently owned or licensed by DISH Network. In addition, DISH Network was prohibited from using the "EchoStar" name as a trademark, except in certain limited circumstances. Similarly, the Intellectual Property Matters Agreement provided that we would not make any use of the name or trademark "DISH Network" or any other trademark owned by DISH Network, except in certain circumstances. Effective March 2017 in connection with the Share Exchange, we and DISH Network terminated this agreement and EchoStar has no further obligations and will earn no additional revenue nor incur additional expenses under this agreement after February 2017.

Intellectual Property and Technology License Agreement. Effective March 2017 in connection with the Share Exchange, we and DISH Network entered into an Intellectual Property and Technology License Agreement ("IPTLA") pursuant to which we and DISH and their respective subsidiaries license to each other certain intellectual property and technology. The IPTLA will continue in perpetuity, unless mutually terminated by the parties. Pursuant to the IPTLA, we granted to DISH Network a license to our intellectual property and technology for use by DISH Network, among other things, in connection with its continued operation of the businesses acquired pursuant to the Share Exchange, including a limited license to use the "ECHOSTAR" trademark during a transition period. EchoStar retains full ownership of the "ECHOSTAR" trademark. In addition, DISH Network granted a license back to us, among other things, for the continued use of all intellectual property and

technology that is used in our retained businesses but the ownership of which was transferred to DISH Network pursuant to the Share Exchange.

Tax Sharing Agreement. We and DISH Network entered into a tax sharing agreement in connection with the Spin-off. This agreement governs our respective rights, responsibilities and obligations after the Spin-off with respect to taxes for the periods ending on or before the Spin-off. Generally, all pre-Spin-off taxes, including any taxes that are incurred as a result of restructuring activities undertaken to implement the Spin-off, are borne by DISH Network, and DISH Network will indemnify us for such taxes. However, DISH Network is not liable for and will not indemnify us for any taxes that are incurred as a result of the Spin-off or certain related transactions failing to qualify as tax-free distributions pursuant to any provision of Section 355 or Section 361 of the Internal Revenue Code of 1986, as amended, because of: (i) a direct or indirect acquisition of any of our stock, stock options or assets; (ii) any action that we take or fail to take; or (iii) any action that we take that is inconsistent with the information and representations furnished to the IRS in connection with the request for the private letter ruling, or to counsel in connection with any opinion being delivered by counsel with respect to the Spin-off or certain related transactions. In such case, we will be solely liable for, and will indemnify DISH Network for, any resulting taxes, as well as any losses, claims and expenses. The tax sharing agreement will only terminate after the later of the full period of all applicable statutes of limitations, including extensions, or once all rights and obligations are fully effectuated or performed.

In light of the tax sharing agreement, among other things, and in connection with our consolidated federal income tax returns for certain tax years prior to and for the year of the Spin-off, in September 2013, we and DISH Network agreed upon a supplemental allocation of the tax benefits arising from certain tax items resolved in the course of the IRS's examination of our consolidated tax returns. Prior to the agreement with DISH Network, the federal tax benefits were reflected as a deferred tax asset for depreciation and amortization, which was netted in our noncurrent deferred tax liabilities. The agreement requires DISH Network to pay us the federal tax benefit it receives at such time as we would have otherwise been able to realize such tax benefit, which we currently estimate would be after 2017. Accordingly, we recorded a noncurrent receivable from DISH Network in "Other receivable — DISH Network" and a corresponding increase in our net noncurrent deferred tax liabilities to reflect the effects of this agreement in September 2013. In addition, in September 2013, we and DISH Network agreed upon a tax sharing arrangement for filing certain combined state income tax returns and a method of allocating the respective tax liabilities between us and DISH Network for such combined returns, through the taxable period ending on December 31, 2017.

We and DISH Network file combined income tax returns in certain states. In 2016, we earned and recognized a tax benefit for certain state income tax credits that we would be unable to utilize currently if we had filed separately from DISH Network. DISH Network expects to utilize these tax credits to reduce its state income tax payable. We expect to increase additional paid-in capital upon receipt of any consideration paid to us by DISH Network in exchange for these tax credits.

Tax Matters Agreement. Effective March 2017, in connection with the Share Exchange, we and DISH entered into a tax matters agreement. This agreement governs certain of our rights, responsibilities and obligations with respect to taxes of the transferred businesses pursuant to the Share Exchange. Generally, we are responsible for all tax returns and tax liabilities for the transferred businesses and assets for periods prior to the Share Exchange and DISH Network is responsible for all tax returns and tax liabilities for the transferred businesses and assets from and after the Share Exchange. Both we and DISH Network have made certain tax-related representations and are subject to various tax-related covenants after the consummation of the Share Exchange. Both we and DISH Network have agreed to indemnify each other if there is a breach of any such tax representation or violation of any such tax covenant and that breach or violation results in the Share Exchange not qualifying for tax free treatment for the other party. In addition, DISH Network has agreed to indemnify us if the transferred businesses are acquired, either directly or indirectly (e.g., via an acquisition of DISH Network), by one or more persons and such acquisition results in the Share Exchange not qualifying for tax free treatment. The tax matters agreement supplements the Tax Sharing Agreement outlined above, which continues in full force and effect.

TiVo. In April 2011, we and DISH Network entered into a settlement agreement with TiVo, Inc. ("TiVo"). The settlement resolved all pending litigation between us and DISH Network, on the one hand, and TiVo, on the other hand, including litigation relating to alleged patent infringement involving certain DISH Network DVRs. Under the settlement agreement, all pending litigation was dismissed with prejudice and all injunctions that permanently restrain, enjoin or compel any action by us or DISH Network were dissolved. We and DISH Network were jointly responsible for making payments to TiVo in the aggregate amount of \$500.0 million, including an initial payment of \$300.0 million and the remaining \$200.0 million in six equal annual installments between 2012 and 2017. Pursuant to the terms and conditions of the agreements entered into in connection with the Spin-off, DISH Network made the initial payment to TiVo in May 2011, except for the contribution from us totaling approximately \$10.0 million, representing an allocation of liability relating to our sales of DVR-enabled receivers to an

international customer. Subsequent payments were allocated between us and DISH Network based on historical sales of certain licensed products, with EchoStar being responsible for 5% of each annual payment. Effective March 2017, in connection with the Share Exchange, EchoStar has no further obligations and will incur no additional costs under this settlement agreement after February 2017.

Sling Trademark License Agreement. In December 2014, Sling TV Holding entered into an agreement with Sling Media, Inc., our subsidiary, pursuant to which Sling TV Holding had the right, for a fixed fee, to use certain trademarks, domain names and other intellectual property related to the “Sling” trademark. In December 2016, Sling TV Holding and Sling Media, Inc. amended this agreement to extend the term thereof on a month-to-month basis. This agreement was transferred to DISH Network as part of the Share Exchange and EchoStar has no further obligations and will earn no additional revenue under this agreement after February 2017.

gTLD Bidding Agreement. In April 2015, we and DISH Network entered into a gTLD Bidding Agreement whereby, among other things: (i) DISH Network obtained rights from us to participate in a generic top level domain (“gTLD”) auction, assuming all rights and obligations from us related to our application with the Internet Corporation for Assigned Names and Numbers (“ICANN”) for a particular gTLD; (ii) DISH Network agreed to reimburse us for our ICANN application fee and certain out-of-pocket expenses related to the application and the auction; and (iii) we and DISH Network agreed to split equally the net proceeds obtained by DISH Network as the losing bidder in the auction, less such fee reimbursement and out-of-pocket expenses.

Patent Cross-License Agreements. In December 2011, we and DISH Network entered into separate patent cross-license agreements with the same third party whereby: (i) we and such third party licensed our respective patents to each other subject to certain conditions; and (ii) DISH Network and such third party licensed their respective patents to each other subject to certain conditions (each, a “Cross-License Agreement”). Each Cross-License Agreement covers patents acquired by the respective party prior to January 2017 and aggregate payments under both Cross-License Agreements total less than \$10.0 million. Each Cross-License Agreement contained an option to extend each Cross-License Agreement to include patents acquired by the respective party prior to January 2022. In December 2016, both we and DISH Network exercised our renewal options, resulting in aggregate additional payments to such third party totaling less than \$3.0 million. Since the aggregate payments under both Cross-License Agreements were based on the combined annual revenue of us and DISH Network, we and DISH Network agreed to allocate our respective payments to such third party based on our respective percentage of combined total revenue.

Caltech. On October 1, 2013, Caltech Institute of Technology (“Caltech”) filed complaints against two of our subsidiaries, Hughes Communications, Inc. and HNS, as well as against DISH and certain of its subsidiaries, in the United States District Court for the Central District of California alleging infringement of United States Patent Nos. 7,116,710; 7,421,032; 7,916,781; and 8,284,833, each of which is entitled “Serial Concatenation of Interleaved Convolutional Codes forming Turbo-Like Codes.” Caltech asserted that encoding data as specified by the DVB-S2 standard infringed each of the asserted patents. Caltech claimed that certain of our Hughes segment’s satellite broadband products and services, infringed the asserted patents by implementing the DVB-S2 standard. Pursuant to a settlement agreement among us, DISH and Caltech, in May 2016, Caltech dismissed with prejudice all of its claims in these actions.

Orange, NJ. In October 2016, we and DISH Network sold two parcels of real estate owned separately by us and DISH Network in Orange, NJ to a third party pursuant to a purchase and sale agreement. Pursuant to the agreement, we and DISH Network separately received our respective payments from the buyer.

Invidi. In November 2010 and April 2011, we made investments in Invidi Technologies Corporation (“Invidi”) in exchange for shares of Invidi’s Series D Preferred Stock. In November 2016, DIRECTV, LLC, a wholly owned indirect subsidiary of AT&T Inc., DISH Network and Cavendish Square Holding B.V., an affiliate of WPP plc, entered into a series of agreements to acquire Invidi. As a result of the transaction, we sold our ownership interest in Invidi on the same terms offered to the other shareholders of Invidi. The transaction closed in January 2017.

Other Agreements**Hughes Systique Corporation (“Hughes Systique”)**

We contract with Hughes Systique for software development services. In 2008, Hughes Communications, Inc. loaned \$1.5 million to Hughes Systique pursuant to a term loan facility. The initial interest rate on the outstanding loans was 6%, payable annually, and the accrued and unpaid interest was added to the principal amount outstanding under the loan facility in certain circumstances. The loans were convertible into shares of Hughes Systique upon non-payment or an event of default. In May 2014, we amended the term loan facility to increase the interest rate from 6% to 8%, payable annually, to reflect then-current market conditions and extend the maturity date of the loans to May 1, 2015, and in April 2015, we extended the maturity date of the loans to May 1, 2016 on the same terms. In 2015, Hughes Systique repaid \$1.5 million of the outstanding principal of the loan facility. In 2016, Hughes Systique repaid \$0.6 million of the outstanding principal of the loan facility. As of March 31, 2017, the principal amount outstanding of the loan facility was zero. In addition to our 43.8% ownership in Hughes Systique, Mr. Pradman Kaul, the President of Hughes Communications, Inc. and a member of our board of directors, and his brother, who is the CEO and President of Hughes Systique, in the aggregate, own approximately 25.7%, on an undiluted basis, of Hughes Systique’s outstanding shares as of March 31, 2017. Furthermore, Mr. Pradman Kaul serves on the board of directors of Hughes Systique. Hughes Systique is a variable interest entity and we are considered the primary beneficiary of Hughes Systique due to, among other factors, our ability to direct the activities that most significantly impact the economic performance of Hughes Systique. As a result, we consolidate Hughes Systique’s financial statements in our condensed consolidated financial statements.

NagraStar L.L.C.

Prior to March 2017, we owned 50.0% of NagraStar L.L.C. (“NagraStar”), a joint venture that was the primary provider of encryption and related security technology used in the set-top boxes produced by our former EchoStar Technologies segment. We accounted for our investment in NagraStar using the equity method. Following the consummation of the Share Exchange, we no longer hold our investment in NagraStar.

We own 49.0% of an entity that provides direct-to-home satellite services in Mexico known as Dish Mexico. We provide certain broadcast services and satellite services to Dish Mexico and prior to the Share Exchange we also sold hardware such as digital set-top boxes and related equipment to Dish Mexico. We recognized revenue from sales of services we provided to Dish Mexico in continuing operations of approximately \$3.9 million and \$5.8 million for the three months ended March 31, 2017 and 2016, respectively. As of March 31, 2017 and December 31, 2016, we had trade accounts receivable from continuing operations from Dish Mexico of approximately \$10.7 million.

Deluxe/EchoStar LLC

We own 50.0% of Deluxe/EchoStar LLC (“Deluxe”), a joint venture that we entered into in 2010 to build an advanced digital cinema satellite distribution network targeting delivery to digitally equipped theaters in the U.S. and Canada. We account for our investment in Deluxe using the equity method. We recognized revenue from Deluxe for transponder services and the sale of broadband equipment of approximately \$1.2 million and \$0.7 million for the three months ended March 31, 2017 and 2016, respectively. At each of March 31, 2017 and December 31, 2016, we had trade accounts receivable from Deluxe of approximately \$0.7 million.

SmarDTV

In May 2015, we acquired a 22.5% interest in SmarDTV, which we accounted for using the equity method. Pursuant to our agreements with SmarDTV and its subsidiaries, our former EchoStar Technologies segment purchased engineering services from and paid royalties to SmarDTV and its subsidiaries. Following the consummation of the Share Exchange, we no longer own our interest in the equity and subordinated debt of SmarDTV and no longer purchase engineering services from SmarDTV.

AsiaSat

We contract with AsiaSat Telecommunications Inc. (“AsiaSat”) for the use of transponder capacity on one of AsiaSat's satellites. Mr. William David Wade, a member of our board of directors, served as the Chief Executive Officer of AsiaSat in 2016 and as a senior advisor to the CEO of AsiaSat through March 2017. We incurred expenses of approximately zero and \$0.4 million payable to AsiaSat under this agreement for the three months ended March 31, 2017 and 2016, respectively.

EXECUTIVE SUMMARY

EchoStar is a global provider of satellite service operations, video delivery solutions, broadband satellite technologies and broadband services for home and small office customers. We deliver innovative network technologies, managed services, and various communications solutions for enterprise and government customers.

Prior to March 2017, we operated in three primary business segments, Hughes, EchoStar Technologies and ESS. On January 31, 2017, EchoStar Corporation and certain of its subsidiaries entered into a Share Exchange Agreement (the “Share Exchange Agreement”) with DISH Network Corporation (“DISH”) and certain of its subsidiaries. Pursuant to the Share Exchange Agreement, on February 28, 2017, among other things, EchoStar Corporation and certain of its subsidiaries received all of the shares of the Hughes Retail Preferred Tracking Stock issued by EchoStar Corporation (the “EchoStar Tracking Stock”) and the Hughes Retail Preferred Tracking Stock issued by Hughes Satellite Systems Corporation (“HSS”) (the “HSS Tracking Stock”, together with the EchoStar Tracking Stock, the “Tracking Stock”) in exchange for 100% of the equity interests of certain EchoStar subsidiaries that held substantially all of our EchoStar Technologies businesses and certain other assets (collectively, the “Share Exchange”). Following consummation of the Share Exchange, EchoStar no longer operates the EchoStar Technologies business segment and the EchoStar Tracking Stock and HSS Tracking Stock were retired and are no longer outstanding and all agreements, arrangements and policy statements with respect to such tracking stock terminated and are of no further effect. As a result of the Share Exchange, the condensed consolidated financial statements of the EchoStar Technologies businesses have been presented as discontinued operations and, as such, have been excluded from continuing operations and segment results for all periods presented. See Note 3 in the notes to consolidated financial statements in Item 1 of this report for further discussion of our discontinued operations.

As a consequence, we currently operate in two business segments, which are differentiated primarily by their operational focus: Hughes and EchoStar Satellite Services (“ESS”). These segments are consistent with the way decisions regarding the allocation of resources are made, as well as how operating results are reviewed by our chief operating decision maker (“CODM”), who for EchoStar is the Company’s Chief Executive Officer.

In addition, we have also changed our overhead allocation methodology used in our segment disclosures to reflect how the CODM evaluates our segments. Historically, the costs of all corporate functions were included on an allocated basis in each of the business segments’ EBITDA. Under the revised allocation methodology, these costs are now reported and analyzed as part of “Corporate and Other” (previously “All Other and Eliminations”). Our prior period segment EBITDA disclosures have been restated to reflect this change.

Our operations also include various corporate departments (primarily Executive, Strategic Development, Human Resources, IT, Finance, Real Estate and Legal) as well as other activities that have not been assigned to our operating segments, including costs incurred in certain satellite development programs and other business development activities, our centralized treasury operations, and gains (losses) from certain of our investments. These activities are accounted for in “Corporate and Other.”

Hughes Segment

Our Hughes segment is a global provider of broadband satellite technologies and broadband services for home and small office customers. We deliver network technologies, managed services, equipment, and communications solutions for domestic and international consumers and enterprise and government customers. In addition, our Hughes segment provides and installs gateway and terminal equipment and provides satellite ground segment systems and terminals for other satellite systems, including mobile system operators.

We continue to focus our efforts on growing our Hughes segment consumer revenue by maximizing utilization of our existing satellites while planning for new satellites to be launched. Our consumer revenue growth depends on our success in adding new subscribers and driving higher average revenue per subscriber across our wholesale and retail channels.

Our Hughes segment currently uses three satellites, the SPACEWAY 3 satellite, the EchoStar XVII satellite, and the EchoStar XIX satellite, and additional satellite capacity acquired from multiple third-party providers, to provide satellite broadband internet access and communications services to our customers. In December 2016, we launched our EchoStar XIX satellite, a next-generation, high throughput geostationary satellite, which will provide significant capacity for continued subscriber growth. The EchoStar XIX satellite employs a multi-spot beam, bent pipe Ka-band architecture and will provide additional capacity for the Hughes broadband services to our customers in North America and added capacity in Mexico and certain Latin American countries and is expected to add capability for aeronautical, enterprise and international broadband services. We expect to launch service in Colombia in the second half of 2017 followed by service in other countries. Capital expenditures associated with the construction and launch of the EchoStar XIX satellite are included in "Corporate and Other" in our segment reporting.

In March 2017, our wholly-owned subsidiary, Hughes Network Systems, L.L.C. and DISH Network L.L.C. ("DNLLC"), a wholly-owned subsidiary of DISH, entered into a master service agreement (the "MSA") pursuant to which DNLLC, among other things: (i) has the right, but not the obligation, to market, promote and solicit orders for the Hughes satellite internet service and related equipment and (ii) will install Hughes service equipment with respect to activations generated by DNLLC. As a result of the MSA we do not expect to earn significant equipment revenue from our Distribution Agreement with dishNET Satellite Broadband L.L.C. ("dishNET") in the future and we expect our sales acquisition costs to increase in future periods.

In addition to our broadband consumer service offerings, our Hughes segment also provides network technologies, managed services, hardware, equipment and satellite services to large enterprise and government customers globally. Examples of such customers include lottery agencies, gas station operators and companies with multi-branch networks that rely on satellite or terrestrial networks for critical communication across wide geographies. Most of our enterprise customers have contracts with us for the services they purchase.

Item 2. MANAGEMENT’S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS - Continued

Developments toward the launch of next-generation satellite systems including low-earth orbit (“LEO”) and geostationary systems could provide additional opportunities to drive the demand for our network equipment and services. The growth of our enterprise and equipment businesses relies heavily on global economic conditions and the competitive landscape for pricing relative to competitors and alternative technologies.

We continue our efforts to grow our consumer satellite services business outside of the U.S. In April 2014, we entered into a satellite services agreement pursuant to which Eutelsat do Brasil provides us Ka-band capacity into Brazil on the EUTELSAT 65 West A satellite for a 15-year term. That satellite was launched in March 2016 and we began delivering high-speed consumer satellite broadband services in Brazil in July 2016. In September 2015, we entered into satellite services agreements pursuant to which affiliates of Telesat Canada (“Telesat”) will provide to us the Ka-band capacity on a satellite to be located at the 63 degree west longitude orbital location for a 15-year term. We expect the satellite to be launched in the second quarter of 2018 and plan to provide service in additional markets across South America once that capacity is available for commercial use.

As of March 31, 2017 and December 31, 2016, our Hughes segment had approximately 1,043,000 and 1,036,000 broadband subscribers, respectively. These broadband subscribers include customers that subscribe to our HughesNet broadband services through retail, wholesale and small/medium enterprise service channels. Gross subscriber additions decreased by approximately 3,100 in the first quarter of 2017 compared to the fourth quarter of 2016 primarily due to a decrease in new subscribers in our North American retail and wholesale channels resulting from capacity constraints. The decrease was partially offset by an increase in additions in our Brazil market. Our average monthly subscriber churn percentage for the first quarter of 2017 increased compared to the fourth quarter of 2016. As a result of lower gross subscriber additions and higher churn, net subscriber additions were approximately 7,000 for the quarter ended March 31, 2017 compared to approximately 17,000 for the fourth quarter of 2016. Subscriber additions and churn include only subscribers through our retail and wholesale channels.

As of March 31, 2017 and December 31, 2016, our Hughes segment had approximately \$1.56 billion and \$1.52 billion, respectively, of contracted revenue backlog. We define Hughes contracted revenue backlog as our expected future revenue under customer contracts that are non-cancelable, excluding agreements with customers in our consumer market.

EchoStar Satellite Services Segment

Our ESS segment is a global provider of satellite service operations and video delivery solutions. We operate our business using our owned and leased in-orbit satellites. We provide satellite services on a full-time and occasional-use basis primarily to DISH Network Corporation and its subsidiaries (“DISH Network”), Dish Mexico, S. de R.L. de C.V., a joint venture we entered into in 2008 (“Dish Mexico”), United States (“U.S.”) government service providers, internet service providers, broadcast news organizations, programmers, and private enterprise customers. We also manage satellite operations for certain satellites owned by DISH Network.

We depend on DISH Network for a significant portion of the revenue for our ESS segment, and we expect that DISH Network will continue to be the primary source of revenue for our ESS segment. Therefore, the results of operations of our ESS segment are linked to changes in DISH Network’s satellite capacity requirements. DISH Network’s capacity requirements have been driven by the addition of new channels and migration of programming to high-definition TV and video on demand services. The services that we provide to DISH Network are critical to its nationwide delivery of content to its customers across the U.S. While we expect to continue to provide satellite services to DISH Network, its satellite capacity requirements may change for a variety of reasons, including its ability to construct and launch its own satellites. Any termination or reduction in the services we provide to DISH Network may cause us to have unused capacity on our satellites and require that we aggressively pursue alternative sources of revenue for this business.

In August 2014, we entered into: (i) a construction contract with Airbus Defence and Space SAS for the construction of the EchoStar 105/SES-11 satellite with C-band, Ku-band and Ka-band payloads; (ii) an agreement with SES Satellite Leasing Limited for the procurement of the related launch services; and (iii) an agreement with SES Americom Inc. (“SES”) pursuant to which we will transfer the title to the C-band and Ka-band payloads to SES Satellite Leasing Limited at launch and transfer the title to the Ku-band payload to SES following in-orbit testing of the satellite. Simultaneously, SES will provide to us satellite service on the entire Ku-band payload on the EchoStar 105/SES-11 satellite for an initial ten-year term, with an option for us to renew the agreement on a year-to-year basis. Due to anomalies experienced by our launch provider, the expected launch date of the EchoStar 105/SES-11 satellite has been delayed. We currently expect to launch the EchoStar 105/SES-11 satellite in the third quarter of 2017. Our Ku-band payload on the EchoStar 105/SES-11 satellite will replace and augment our current

Item 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS - Continued

capacity on the AMC-15 satellite. As a result of this launch delay, we have incurred and expect to incur additional costs related to the lease of the AMC-15 satellite.

Revenue growth in our ESS segment depends largely on our ability to continuously make additional satellite capacity available for sale. Once the EchoStar 105/SES-11 satellite is launched and placed into operation, we expect periodic revenue from the satellite to exceed the amount currently generated by the AMC-15 satellite. As a result of the launch delay, we expect a delay in revenue generated from the EchoStar 105/SES-11 satellite.

We continue to pursue expanding our business offerings by providing value added services such as telemetry, tracking, and control services to third parties, which leverages the ground monitoring networks and personnel currently within our ESS segment.

As of March 31, 2017 and December 31, 2016, our ESS segment had contracted revenue backlog attributable to satellites currently in orbit of approximately \$1.07 billion and \$1.16 billion, respectively.

New Business Opportunities

Our industry is evolving with the increase in worldwide demand for broadband internet access for information, entertainment and commerce. In addition to fiber and wireless systems, other technologies such as geostationary high throughput satellites, LEO networks, balloons, and High Altitude Platform Systems have begun to play significant roles in enabling global broadband access, networks and services. We intend to use our expertise, technologies, capital, investments, global presence, relationships and other capabilities to continue to provide broadband internet systems, equipment, networks and services for information, entertainment and commerce in North America and internationally for consumers, enterprises and governments.

We continue to selectively explore opportunities to pursue partnerships, joint ventures and strategic acquisitions, domestically and internationally, that we believe may allow us to increase our existing market share, expand into new markets and new customers, broaden our portfolio of services, products and intellectual property, and strengthen our relationships with our customers. We may allocate significant resources for long-term initiatives that may not have a short or medium-term or any positive impact on our revenue, results of operations, or cash flow.

In 2012, we acquired the right to use various frequencies at the 45 degree west longitude orbital location ("Brazilian Authorization") from ANATEL, the Brazilian communications regulatory agency. The Brazilian Authorization provides us the rights to utilize Ku-band spectrum, Ka-band spectrum and S-band spectrum. We are exploring options for the Ka-band and S-band spectrums. In April 2014, we entered into an agreement with Space Systems Loral, LLC ("SS/L") for the construction of the EchoStar XXIII satellite, a high powered broadcast satellite service ("BSS") satellite. The EchoStar XXIII satellite was launched in March 2017 and placed into service at the 45 degree west longitude orbital location in the second quarter of 2017. We have regulatory obligations to meet certain in-service milestones by the second quarter of 2017 for our Brazilian license at 45 degree west longitude orbital location for the Ka-, Ku- and S-band frequency bands. We have met our regulatory milestone for the Ku-band. We have sought an extension of the S- and Ka-band milestones, which may or may not be granted, and, if granted, may be subject to additional conditions, penalties or other requirements.

In December 2013, we acquired 100% of Solaris Mobile, which is based in Dublin, Ireland and licensed by the European Union and its member states ("EU") to provide mobile satellite services ("MSS") and complementary ground component ("CGC") services covering the entire EU using S-band spectrum. Solaris Mobile changed its name to EchoStar Mobile Limited ("EchoStar Mobile") in the first quarter of 2015. We are in the process of developing commercial services utilizing the operable payload we own on the EUTELSAT 10A satellite, along with our EchoStar XXI S-band satellite. The EchoStar XXI satellite will provide space segment capacity to EchoStar Mobile. We believe we are in a unique position to deploy a European wide MSS/CGC network and maximize the long-term value of our S-band spectrum in Europe and other regions within the scope of our licenses. Due to anomalies experienced by our launch provider, the expected launch of our EchoStar XXI satellite was delayed and we currently expect to launch the EchoStar XXI satellite in the second quarter of 2017. We had regulatory obligations to meet certain milestones by the fourth quarter of 2016 regarding the operations of the EchoStar XXI satellite across the EU. We have notified the regulators in the EU of our delay and we intend to seek extensions of certain of these requirements to the extent we determine necessary. Although we anticipate being able to receive them, any such necessary extensions may be subject to additional conditions, penalties or other requirements.

Item 2. MANAGEMENT’S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS - Continued

We are tracking closely the developments in next-generation satellite businesses, and we are seeking to utilize our services, technologies and expertise to find new commercial opportunities for our business. In June 2015, we made an equity investment in WorldVu Satellites Limited (“OneWeb”), a global LEO satellite service company. In addition, our Hughes segment entered into an agreement with OneWeb to provide certain equipment and services in connection with the ground systems for OneWeb’s LEO satellites.

Capital expenditures associated with the construction and launch of the EchoStar XXIII and EchoStar XXI satellites are included in “Corporate and Other” in our segment reporting.

Item 2. MANAGEMENT’S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS - Continued

Services and other revenue - DISH Network. “Services and other revenue - DISH Network” totaled \$115.0 million for the three months ended March 31, 2017, a decrease of \$1.5 million or 1.3%, compared to the same period in 2016 primarily from our Hughes segment. The decrease was primarily attributable to a decrease in wholesale subscribers, partially offset by an increase in the average revenue per subscriber as a result of an increase in wholesale subscribers receiving higher end service plans.

Services and other revenue - other. “Services and other revenue - other” totaled \$269.8 million for the three months ended March 31, 2017, a decrease of \$0.1 million, compared to the same period in 2016.

Services and other revenue - other from our Hughes segment for the three months ended March 31, 2017 increased by \$2.3 million, or 0.9%, to \$257.6 million compared to the same period in 2016. The increase was primarily attributable to an increase in sales of broadband services of \$6.7 million to our domestic and international consumers, \$1.1 million to our domestic enterprise customers and \$0.9 million to our telecom systems customers, partially offset by a decrease in sales of broadband services of \$6.6 million to our other international markets.

Services and other revenue - other from our ESS segment for the three months ended March 31, 2017 decreased by \$2.5 million, or 15.8%, to \$13.1 million compared to the same period in 2016. The decrease was primarily attributable to a decrease in sales of transponder services due to expired service contracts and a decrease in the number of transponders available for use in providing service.

Equipment revenue - DISH Network. “Equipment revenue - DISH Network” totaled \$31.0 thousand for the three months ended March 31, 2017, a decrease of \$2.7 million or 98.9%, compared to the same period in 2016 primarily from our Hughes segment. The decrease in revenue was primarily due to the decrease in unit sales of broadband equipment to dishNET.

Equipment revenue - other. “Equipment revenue - other” totaled \$48.4 million for the three months ended March 31, 2017, an increase of \$5.5 million or 12.9%, compared to the same period in 2016 primarily from our Hughes segment. The increase was mainly due to an increase of \$9.3 million in sales of broadband equipment to our domestic enterprise customers, partially offset by a decrease of \$3.6 million in revenue from our telecom systems customers.

Cost of sales - services and other. “Cost of sales - services and other” totaled \$131.8 million for the three months ended March 31, 2017, an increase of \$6.2 million or 4.9%, compared to the same period in 2016.

Cost of sales - services and other from our Hughes segment for the three months ended March 31, 2017 increased by \$6.7 million, or 6.2%, to \$115.0 million compared to the same period in 2016. The increase was primarily attributable to an increase in the costs of broadband service provided to our international customers of \$3.2 million primarily due to the launch of consumer satellite broadband services in Brazil in July 2016 and an increase of \$2.3 million in costs of our broadband services related to the increase in sales of broadband services to our domestic consumer and enterprise customers.

Cost of sales - services and other from our ESS segment for the three months ended March 31, 2017 decreased by \$0.5 million, or 3.1%, to \$15.9 million compared to the same period in 2016. The decrease was primarily due to a decrease in cost of sales of transponder services as a result of a decrease in the number of leased transponders available for use in providing service.

Cost of sales - equipment. “Cost of sales - equipment” totaled \$43.9 million for the three months ended March 31, 2017, an increase of \$0.8 million or 1.9%, compared to the same period in 2016 primarily from our Hughes segment. The increase was primarily attributable to an increase of \$3.6 million in equipment costs related to the increase in sales volume of broadband equipment to our domestic enterprise customers and an increase of \$1.8 million in equipment costs to our international customers, partially offset by a decrease of \$2.3 million in equipment costs related to our telecom systems customers and a decrease of \$2.1 million related to the decrease in the volume of unit sales of broadband equipment to dishNET.

Selling, general and administrative expenses. “Selling, general and administrative expenses” totaled \$83.0 million for the three months ended March 31, 2017, an increase of \$2.4 million or 3.0%, compared to the same period in 2016. The increase was primarily related to an increase in professional fees of \$2.0 million and an increase of \$1.3 million in marketing and promotional costs in our Hughes segment, partially offset by other general and administrative expenses.

Item 2. MANAGEMENT’S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS - Continued

Research and development expenses. “Research and development expenses” totaled \$7.7 million for the three months ended March 31, 2017, an increase of \$0.8 million or 11.2%, compared to the same period in 2016. The increase was primarily related to an increase in research and development expense in our Hughes segment. Our research and development activities vary based on the activity level and scope of other engineering and customer related development contracts.

Depreciation and amortization. “Depreciation and amortization” expenses totaled \$115.1 million for the three months ended March 31, 2017, an increase of \$5.0 million or 4.5%, compared to the same period in 2016. The increase was primarily related to an increase in depreciation expense of the EUTELSAT 65 West A and the EchoStar XIX satellites in our Hughes segment that were placed into service in the second quarter of 2016 and first quarter of 2017, respectively, and an increase in depreciation expense relating to an increase in expenditures for machinery and equipment in 2017, partially offset by a decrease in amortization expense from certain of our fully amortized other intangible assets in our Corporate and Other.

Interest income. “Interest income” totaled \$8.3 million for the three months ended March 31, 2017, an increase of \$4.3 million compared to the same period in 2016. The increase was primarily attributable to the increase in our short term investments from proceeds from the issuance of long-term debt in the third quarter of 2016.

Interest expense, net of amounts capitalized. “Interest expense, net of amounts capitalized” totaled \$45.4 million for the three months ended March 31, 2017, an increase of \$22.2 million or 95.9%, compared to the same period in 2016. The increase was primarily due to the issuance of 5.250% Senior Secured Notes due August 1, 2026 (the “2026 Senior Secured Notes”) and 6.625% Senior Unsecured Notes due August 1, 2026 (the “2026 Senior Unsecured Notes”) and together with 2026 Senior Secured Notes, the “2026 Notes”) in the third quarter of 2016.

Gains and impairment on investments, net. “Gains and impairment on investments, net” totaled \$8.7 million in gains for the three months ended March 31, 2017, an increase of \$6.3 million compared to the same period in 2016. The increase was primarily due to a gain of \$8.9 million from the sale of our investment in Invidi Technologies Corporation to an entity owned in part by DISH Network in the first quarter of 2017, partially offset by an other than temporary impairment loss of \$3.3 million on certain strategic equity securities in our marketable investment securities in 2017.

Equity in earnings (losses) of unconsolidated affiliates, net. “Equity in earnings (losses) of unconsolidated affiliates, net” totaled \$6.4 million in earnings for the three months ended March 31, 2017 compared to \$0.8 million in losses for the three months ended March 31, 2016. The change of \$7.2 million was primarily related to an increase in earnings from our investment in Dish Mexico.

Other, net. “Other, net” totaled \$1.1 million in income for the three months ended March 31, 2017, a decrease of \$6.3 million or 85.5%, compared to the same period in 2016. The decrease was primarily related to \$6.8 million for a provision recorded in the first half of 2015 in connection with Federal Communications Commission (“FCC”) regulatory fees, which was reversed in the first quarter of 2016, partially offset by a favorable foreign exchange impact of \$0.3 million in 2017 and a decrease in loss of \$0.1 million in a protective put associated with our trading securities in 2017.

Income tax benefit (provision). Income tax benefit was \$12.0 thousand for the three months ended March 31, 2017 compared to an income tax expense of \$20.2 million for the three months ended March 31, 2016. Our effective income tax rate was zero and 36.3% for the three months ended March 31, 2017 and 2016, respectively. The variations in our current year effective tax rate from the U.S. federal statutory rate for the three months ended March 31, 2017 were primarily due to the recognition of a one-time tax benefit for the revaluation of our deferred tax assets and liabilities due to a change in our state effective tax rate as a result of the Share Exchange Agreement. The tax benefit recognized from the change in our effective tax rate was partially offset by the increase in our valuation allowance associated with certain state and foreign losses. The variations in our effective tax rate from the U.S. federal statutory rate for the three months ended March 31, 2016 were primarily due to the impact of state and local taxes, partially offset by research and experimentation credits.

Net income attributable to EchoStar. “Net income attributable to EchoStar” was \$37.7 million for the three months ended March 31, 2017, a decrease of \$11.4 million or 23.3%, compared to the same period in 2016. The decrease was primarily due to (i) an increase of \$22.3 million in interest expense related to the issuance of the 2026 Notes in the third quarter of 2016, (ii) a decrease in operating income of \$14.1 million, (iii) \$6.8 million for a provision recorded in the first half of 2015 in connection with FCC regulatory fees, which was reversed in the first quarter of 2016 and (iv) a decrease of \$6.5 million in income from discontinued operations. The decrease was partially offset by (i) a decrease in income tax expense of \$20.2 million, (ii) an increase of \$7.2 million in equity in earnings of unconsolidated affiliates, net, (iii) an increase of \$6.3 million in gains on

investments, net of losses and impairments, and (iv) an increase of \$4.3 million in interest income primarily attributable to the increase in our short term investments from proceeds from the issuance of long-term debt in the third quarter of 2016.

Earnings before interest, taxes, depreciation and amortization (“EBITDA”). EBITDA was \$183.3 million for the three months ended March 31, 2017, a decrease of \$2.2 million or 1.2%, compared to the same period in 2016. The decrease was primarily due to (i) \$6.8 million for a provision recorded in the first half of 2015 in connection with FCC regulatory fees, which was reversed in the first quarter of 2016 and (ii) a decrease in operating income, excluding depreciation and amortization, of \$9.1 million. The decrease was partially offset by (i) an increase of \$7.2 million in equity in earnings of unconsolidated affiliates, net, and (ii) an increase of \$6.3 million in gains on investments, net of losses and impairments. EBITDA is a non-GAAP financial measure and is described under Explanation of Key Metrics and Other Items below. The following table reconciles EBITDA to Net income, the most directly comparable GAAP measure in the accompanying financial statements.

Revenue

Hughes segment total revenue for the three months ended March 31, 2017 increased by \$3.1 million, or 0.9%, compared to the same period in 2016. The increase was primarily due to an increase of \$9.3 million in revenue related to sales of broadband equipment to our domestic enterprise customers and an increase of \$6.7 million in revenue related to sales of broadband services to our domestic and international consumers. These increases were partially offset by a decrease in sales of broadband services of \$6.6 million to our other international markets, a decrease in revenue of broadband equipment to our telecom systems customers of \$3.6 million and a decrease in the unit sales of broadband equipment to dishNET of \$2.7 million.

Capital Expenditures

Hughes segment capital expenditures for the three months ended March 31, 2017 decreased by \$38.6 million, or 37.0%, compared to the same period in 2016, primarily as a result of a decrease in expenditures on the satellites and related ground infrastructures.

EBITDA

Hughes segment EBITDA for the three months ended March 31, 2017 was \$100.9 million, decreased by \$9.5 million, or 8.6%, compared to the same period in 2016. The decrease was primarily attributable to a decrease of \$4.6 million in gross margin, an other than temporary impairment loss of \$3.3 million on certain strategic equity securities in our marketable investment securities in 2017 and an increase of \$1.1 million in selling, general and administrative expenses.

EBITDA	\$ 83,063	\$ 88,640	\$ (5,577)	(6.3)

Revenue

ESS segment total revenue for the three months ended March 31, 2017 decreased by \$2.7 million, or 2.6%, compared to the same period in 2016, primarily attributable to a decrease in sales of transponder services due to expired service contracts and a decrease in the number of transponders available for use in providing service.

Capital Expenditures

ESS segment capital expenditures for the three months ended March 31, 2017 decreased by \$16.2 million, or 65.6%, compared to the same period in 2016, primarily related to a decrease in expenditures on the EchoStar 105/SES-11 satellite.

Item 2. MANAGEMENT’S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS - Continued**EBITDA**

ESS segment EBITDA for the three months ended March 31, 2017 was \$83.1 million, a decrease of \$5.6 million, or 6.3%, compared to the same period in 2016. The decrease in EBITDA for our ESS segment was primarily due to a decrease of \$3.8 million due to a provision recorded in the first half of 2015 in connection with FCC regulatory fees, which was reversed in the first quarter of 2016 and a decrease of \$2.2 million in gross margin.

Corporate and Other

Corporate and Other is comprised of various corporate departments (primarily Executive, Strategic Development, Human Resources, IT, Finance, Real Estate, and Legal) as well as other activities that have not been assigned to our operating segments, including costs incurred in certain satellite development programs and other business development activities, our centralized treasury activities and gains (losses) from certain of our investments.

EBITDA	\$ (601)	\$ (13,444)	\$ 12,843	(95.5)

Capital Expenditures

For the three months ended March 31, 2017, Corporate and Other capital expenditures decreased by \$61.1 million, or 79.5%, compared to the same period in 2016, primarily related to a decrease in satellite expenditures of \$30.7 million on the EchoStar XIX satellite, a decrease in satellite expenditures of \$24.4 million on the EchoStar XXI satellite and a decrease in satellite expenditures of \$4.9 million on the EchoStar XXIII satellite. The EchoStar XIX satellite will be used to provide additional capacity for the Hughes broadband services in North America and certain Latin American countries and was contributed to the Hughes segment in the first quarter of 2017. The EchoStar XXI satellite is intended to be used by EchoStar Mobile in providing mobile satellite services in the European Union and the EchoStar XXIII satellite was deployed at the 45 degree west longitude orbital location in the second quarter of 2017.

EBITDA

For the three months ended March 31, 2017, Corporate and Other EBITDA was a loss of \$0.6 million, a decrease in loss of \$12.8 million, or 95.5%, compared to the same period in 2016. The decrease in loss was primarily related to a gain of \$8.9 million from the sale of our investment in Invidi Technologies Corporation to an entity owned in part by DISH Network in the first quarter of 2017 and an increase of \$7.2 million in equity in earnings of unconsolidated affiliates, net, partially offset by a \$3.0 million attributable to a provision recorded in the first half of 2015 in connection with FCC regulatory fees, which was reversed in the first quarter of 2016.

LIQUIDITY AND CAPITAL RESOURCES**Cash, Cash Equivalents and Current Marketable Investment Securities**

We consider all liquid investments purchased with an original maturity of 90 days or less to be cash equivalents. See “Quantitative and Qualitative Disclosures about Market Risk” for further discussion regarding our marketable investment securities. As of March 31, 2017 and December 31, 2016, our cash, cash equivalents and current marketable investment securities totaled \$3.18 billion and \$3.09 billion, respectively.

As of March 31, 2017 and December 31, 2016, we held \$383.0 million and \$522.5 million, respectively, of marketable investment securities, consisting of various debt and equity instruments including corporate bonds, corporate equity securities, government bonds and mutual funds.

Item 2. MANAGEMENT’S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS - Continued

The following discussion highlights our cash flow activities for the three months ended March 31, 2017.

Cash flows from operating activities. We typically reinvest the cash flow from operating activities in our business. For the three months ended March 31, 2017, we reported net cash inflows from operating activities of \$141.4 million, a decrease in cash inflows of \$51.5 million, compared to the same period in 2016. The decrease in cash inflows was primarily attributable to lower net income of \$46.4 million adjusted to exclude: (i) “Depreciation and amortization;” (ii) “Equity in losses (earnings) of unconsolidated affiliates, net;” (iii) “Gain and impairment on investments, net;” (iv) “Stock-based compensation;” (v) “Deferred tax provision;” (vi) “Other, net;” (vii) “Dividends received from unconsolidated entity;” and (viii) a decrease of \$5.1 million resulting from changes in operating assets and liabilities related to timing differences

Cash flows from investing activities. Our investing activities generally include purchases and sales of marketable investment securities, capital expenditures, acquisitions and strategic investments. For the three months ended March 31, 2017, we reported net cash inflows from investing activities of \$68.5 million compared to net cash outflows from investing activities of \$214.3 million for the three months ended March 31, 2016. The decrease of \$282.8 million in cash outflows was primarily related to a decrease of \$157.4 million in purchases of marketable investment securities, net of sales and maturities, and a decrease of \$108.7 million in capital expenditures, net of related refunds, in 2017 when compared to the same period in 2016 and cash proceeds of \$17.8 million from the sale of our investment in Invidi Technologies Corporation to an entity owned in part by DISH Network in the first quarter of 2017.

Cash flows from financing activities. Our financing activities generally include proceeds related to the issuance of debt and cash used for the repurchase, redemption or payment of debt and capital lease obligations and the proceeds from Class A common stock options exercised and stock issued under our stock incentive plans and employee stock purchase plan. For the three months ended March 31, 2017, we reported net cash inflows from financing activities of \$17.9 million, an increase in cash inflows of \$22.4 million, compared to the same period in 2016. The increase in cash inflows was primarily due to an increase of \$24.0 million in net proceeds from Class A common stock options exercised issued under our stock incentive plans, partially offset by a decrease of \$1.6 million in net proceeds from Class A common stock issued under our employee stock purchase plan.

Obligations and Future Capital Requirements**Contractual Obligations**

As of March 31, 2017, our satellite-related obligations were approximately \$705.3 million. Our satellite-related obligations primarily include payments pursuant to agreements for the construction of the EchoStar XXI and EchoStar 105/SES-11 satellites; payments pursuant to launch services contracts and regulatory authorizations; executory costs for our capital lease satellites; costs under satellite service agreements; and in-orbit incentives relating to certain satellites; as well as commitments for long-term satellite operating leases and satellite service arrangements.

Off-Balance Sheet Arrangements

Other than the transactions described below, we generally do not engage in off-balance sheet financing activities or use derivative financial instruments for hedge accounting or speculative purposes.

As of March 31, 2017, we had \$29.1 million of letters of credit and insurance bonds. Of this amount, \$7.8 million was secured by restricted cash, \$1.2 million was related to insurance bonds, and \$20.1 million was issued under credit arrangements available to our foreign subsidiaries. Certain letters of credit are secured by assets of our foreign subsidiaries.

As of March 31, 2017, we had foreign currency forward contracts with a notional value of \$2.3 million in place to partially mitigate foreign currency exchange risk. From time to time, we may enter into foreign currency forward contracts, or take other measures, to mitigate risks associated with foreign currency denominated assets, liabilities, commitments and anticipated foreign currency transactions.

Item 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS - Continued

Satellite Insurance

We historically have not carried in-orbit insurance on our satellites because we assessed that the cost of insurance was uneconomical relative to the risk of failures. Therefore, we generally bear the risk of any in-orbit failures. Pursuant to the terms of the agreements governing certain portions of our indebtedness, we are required, subject to certain limitations on coverage, to maintain in-orbit insurance for our SPACEWAY 3, EchoStar XVI, and EchoStar XVII satellites. Based on economic analysis of the current insurance market we obtained launch plus one year in-orbit insurance for the EchoStar XIX and EchoStar XXIII satellites and intend to obtain such insurance for the EchoStar XXI satellite and our interest in the EchoStar 105/SES-11 satellite. All other satellites, either in orbit or under construction, are not covered by launch or in-orbit insurance. We will continue to assess circumstances going forward and make insurance decisions on a case by case basis.

Future Capital Requirements

We primarily rely on our existing cash and marketable investment securities balances, as well as cash flow generated through our operations to fund our business. We currently depend on DISH Network for a significant portion of our revenue. The loss of, or a significant reduction in, orders from, or a decrease in selling prices of broadband equipment and services and/or provision of satellite services would significantly reduce our revenue and materially adversely impact our results of operations.

There can be no assurance that we will have positive cash flows from operations. Furthermore, if we experience negative cash flows, our existing cash and marketable investment securities balances may be reduced.

We have a significant amount of outstanding indebtedness. As of March 31, 2017, our total indebtedness was \$3.66 billion, of which \$296.7 million related to capital lease obligations. See our most recent Form 10-K for a discussion of the terms of our indebtedness. Our liquidity requirements will be significant, primarily due to our debt service requirements. In addition, our future capital expenditures are likely to increase if we make acquisitions or additional investments in infrastructure or joint ventures necessary to support and expand our business, or if we decide to purchase or build one or more additional satellites. Furthermore, we expect to become a federal cash taxpayer in 2017 which will require additional liquidity. Other aspects of our business operations may also require additional capital. We periodically evaluate various strategic initiatives, the pursuit of which could also require us to invest or raise significant additional capital, which may not be available on acceptable terms or at all.

We anticipate that our existing cash and marketable investment securities are sufficient to fund the currently anticipated operations of our business through the next twelve months.

Satellites

As our satellite fleet ages, we will be required to evaluate replacement alternatives such as acquiring, leasing or constructing additional satellites, with or without customer commitments for capacity. We may also construct or lease additional satellites in the future to provide satellite services at additional orbital locations or to improve the quality of our satellite services.

Stock Repurchases

Pursuant to a stock repurchase program approved by our board of directors, we are authorized to repurchase up to \$500.0 million of our outstanding shares of Class A common stock through December 31, 2017. As of March 31, 2017, we have not repurchased any common stock under this program.

Seasonality

For our Hughes segment, service revenue is generally not impacted by seasonal fluctuations other than those associated with fluctuations related to sales and promotional activities. However, like many communications infrastructure equipment vendors, a higher amount of our hardware revenue occurs in the second half of the year due to our customers' annual procurement and budget cycles. Large enterprises and operators often allocate their capital expenditure budgets at the beginning of their fiscal year (which often coincides with the calendar year). The typical sales cycle for large complex system procurements is six to 12 months, which often results in the customer expenditure occurring towards the end of the year. Customers often seek to expend the budgeted funds prior to the end of the year and the next budget cycle.

Our ESS segment is not generally affected by seasonal impacts.

Item 2. MANAGEMENT’S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS - Continued**Inflation**

Inflation has not materially affected our operations during the past three years. We believe that our ability to increase the prices charged for our products and services in future periods will depend primarily on competitive pressures or contractual terms.

Earnings before interest, taxes, depreciation and amortization (“EBITDA”). EBITDA is defined as “Net income” excluding “Interest expense, net of amounts capitalized,” “Interest income,” “Income tax benefit (provision),” and “Depreciation and amortization.” EBITDA is not a measure determined in accordance with GAAP. This non-GAAP measure is reconciled to “Net income” in our discussion of “Results of Operations” above. EBITDA should not be considered in isolation or as a substitute for operating income, net income or any other measure determined in accordance with GAAP. EBITDA is used by our management as a measure of operating efficiency and overall financial performance for benchmarking against our peers and competitors. Management believes EBITDA provides meaningful supplemental information regarding the underlying operating performance of our business. Management also believes that EBITDA is useful to investors because it is frequently used by securities analysts, investors, and other interested parties to evaluate the performance of companies in our industry.

Subscribers. “Subscribers” include customers that subscribe to our Hughes segment’s HughesNet broadband services, through retail, wholesale and small/medium enterprise service channels.

Item 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Market Risks Associated with Financial Instruments and Foreign Currency

Our investments and debt are exposed to market risks, discussed below.

Cash, Cash Equivalents and Current Marketable Investment Securities

As of March 31, 2017, our cash, cash equivalents and current marketable investment securities had a fair value of \$3.18 billion. Of this amount, a total of \$3.04 billion was invested in: (a) cash; (b) commercial paper and corporate notes with an overall average maturity of less than one year and rated in one of the four highest rating categories by at least two nationally recognized statistical rating organizations; (c) debt instruments of the U.S. government and its agencies; and/or (d) instruments with similar risk, duration and credit quality characteristics to the commercial paper and corporate obligations described above. The primary purpose of these investing activities has been to preserve principal until the cash is required to, among other things, fund operations, make strategic investments and expand the business. Consequently, the size of this portfolio fluctuates significantly as cash is received and used in our business. The value of this portfolio may be negatively impacted by credit losses; however, this risk is mitigated through diversification that limits our exposure to any one issuer.

Interest Rate Risk

A change in interest rates would not affect the fair value of our cash, or materially affect the fair value of our cash equivalents due to their maturities of less than 90 days. A change in interest rates would affect the fair value of our current marketable debt securities portfolio; however, we normally hold these investments to maturity. Based on our current non-strategic investment portfolio of \$3.04 billion as of March 31, 2017, a hypothetical 10% change in average interest rates during 2017 would not have a material impact on the fair value of our cash, cash equivalents and debt securities portfolio due to the limited duration of our investments.

Our cash, cash equivalents and current marketable debt securities had an average annual rate of return for the three months ended March 31, 2017 of 1.1%. A change in interest rates would affect our future annual interest income from this portfolio, since funds would be re-invested at different rates as the instruments mature. A hypothetical 10% decrease in average interest rates during 2017 would have resulted in a decrease of approximately \$3.0 million in annual interest income.

Strategic Marketable Investment Securities

As of March 31, 2017, we held current strategic investments in the publicly traded common stock of several companies with a fair value of \$140.1 million. These investments, which are held for strategic and financial purposes, are concentrated in a small number of companies, are highly speculative and have experienced and continue to experience volatility. The fair value of these investments can be significantly impacted by the risk of adverse changes in securities markets generally, as well as risks related to the performance of the companies whose securities we have invested in, risks associated with specific industries, and other factors. These investments are subject to significant fluctuations in fair value due to the volatility of the securities markets and of the underlying businesses. In general, our strategic marketable investment securities portfolio is not significantly impacted by interest rate fluctuations as it currently consists solely of equity securities, the value of which is more closely related to factors specific to the underlying business. A hypothetical 10% adverse change in the market price of our public strategic equity investments would result in a decrease of approximately \$14.0 million in the fair value of these investments.

Restricted cash and marketable investment securities and investments in unconsolidated entities

Restricted cash and marketable investment securities

As of March 31, 2017, we had \$8.3 million of restricted cash and marketable investment securities invested in: (a) cash; (b) debt instruments of the U.S. government and its agencies; (c) commercial paper and corporate notes with an overall average maturity of less than one year and rated in one of the four highest rating categories by at least two nationally recognized statistical rating organizations; (d) mutual funds; and (e) instruments with similar risk, duration and credit quality characteristics to the commercial paper described above. Based on our investment portfolio as of March 31, 2017, a hypothetical 10% increase in average interest rates would not have a material impact on the fair value of our restricted cash and marketable investment securities.

Investments in unconsolidated entities

As of March 31, 2017, we had \$166.0 million of noncurrent equity instruments that we hold for strategic business purposes and account for under the cost or equity methods of accounting. The fair value of these instruments is not readily determinable. We periodically review these investments and estimate fair value when there are indications of impairment. A hypothetical adverse change equal to 10% of the carrying amount of these equity instruments would result in a decrease of approximately \$16.6 million in the value of these investments.

Our ability to realize value from our strategic investments in companies that are privately held depends on the success of those companies' businesses and their ability to obtain sufficient capital to execute their business plans. Because private markets are not as liquid as public markets, there is also increased risk that we will not be able to sell these investments, or that when we desire to sell them we will not be able to obtain fair value for them.

Foreign Currency Exchange Risk

We generally conduct our business in U.S. dollars. Our international business is conducted in a variety of foreign currencies with our largest exposures being to the Brazilian real, the Indian rupee, and the British pound. This exposes us to fluctuations in foreign currency exchange rates. Transactions in foreign currencies are converted into U.S. dollars using exchange rates in effect on the dates of the transactions.

Our objective in managing our exposure to foreign currency changes is to reduce earnings and cash flow volatility associated with foreign exchange rate fluctuations. Accordingly, we may enter into foreign currency forward contracts, or take other measures, to mitigate risks associated with foreign currency denominated assets, liabilities, commitments and anticipated foreign currency transactions. As of March 31, 2017, we had \$9.9 million of net foreign currency denominated receivables and payables outstanding, and foreign currency forward contracts with a notional value of \$2.3 million in place to partially mitigate foreign currency exchange risk. The estimated fair values of the foreign exchange contracts were not material as of March 31, 2017. The impact of a hypothetical 10% adverse change in exchange rates on the carrying amount of the net assets and liabilities of our foreign subsidiaries would be an estimated loss to the cumulative translation adjustment of \$34.3 million as of March 31, 2017.

Derivative Financial Instruments

We generally do not use derivative financial instruments for speculative purposes and we generally do not apply hedge accounting treatment to our derivative financial instruments. We evaluate our derivative financial instruments from time to time but there can be no assurance that we will not enter into additional foreign currency forward contracts, or take other measures, in the future to mitigate our foreign exchange risk.

Item 4. CONTROLS AND PROCEDURES

Disclosure Controls and Procedures

Under the supervision and with the participation of our management, including our Chief Executive Officer and Chief Financial Officer, we evaluated the effectiveness of our disclosure controls and procedures (as defined in Rule 13a-15(e) and Rule 15d-15(e) under the Securities Exchange Act of 1934, as amended) as of the end of the period covered by this report. Based upon that evaluation, our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures were effective as of the end of the period covered by this report such that the information required to be disclosed in our SEC reports is recorded, processed, summarized and reported within the time periods specified in the SEC rules and forms, and is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure.

Changes in Internal Control over Financial Reporting

There has been no change in our internal control over financial reporting (as defined in Rule 13a-15(f) and Rule 15d-15(f) under the Securities Exchange Act of 1934, as amended) that occurred during the first quarter of 2017 that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting. We continue to review our internal control over financial reporting, and may from time to time make changes aimed at enhancing its effectiveness and to ensure that our systems evolve with our business.

Article I

ECHOSTAR PRE-CLOSING RESTRUCTURING; TRANSFERRED ASSETS AND RETAINED ASSETS

Section 1.1 The EchoStar Pre-Closing Restructuring. Prior to the Closing, the EchoStar Parties shall implement the Pre-Closing Restructuring consistent with the terms set forth in this Agreement. As promptly as practicable after the Pre-Closing Restructuring is complete and subject to the conditions set forth in Article V, the Parties hereto shall take, or cause to be taken, all actions that are necessary or appropriate to effectuate the Closing.

Section 1.2 Implementation. The Pre-Closing Restructuring shall be completed in accordance with the agreed general principles, objectives and other provisions set forth in this Article I and shall be implemented in the following manner:

(b) EB Splitco shall accept, assume and agree to faithfully perform, discharge and fulfill all of the EB Assumed Liabilities in accordance with their respective terms. EB Splitco shall be responsible for all of the EB Assumed Liabilities and its obligations under this Section 1.3(b) shall not be subject to offset or reduction, whether by reason of any actual or alleged breach of any representation, warranty or covenant contained in any Transaction Document or any other agreement or document delivered in connection therewith or any right to indemnification hereunder or otherwise;

(c) Except as expressly contemplated by Section 1.4(e), EchoStar shall, and shall cause its applicable Subsidiaries to, cause the ET Transferred Assets to be contributed, assigned, transferred, conveyed and delivered, directly or indirectly, to ET Splitco or, when contemplated by Schedule 1.2, one of its Subsidiaries and ET Splitco or, when contemplated by Schedule 1.2, one of its Subsidiaries shall accept from EchoStar and its Subsidiaries, all of EchoStar’s and its Subsidiaries’ rights, title and interest in and to all the ET Transferred Assets, which will result in ET Splitco owning, directly or indirectly, the ET Business; and

ET Splitco shall be responsible for all of the ET Assumed Liabilities and its obligations under this Section 1.3(d) shall not be subject to offset or reduction, whether by reason of any actual or alleged breach of any representation, warranty or covenant contained in any Transaction Document or any other agreement or document delivered in connection therewith or any right to indemnification hereunder or otherwise.

Section 1.4 Transferred Assets.

(a) For purposes of this Agreement, “EB Transferred Assets” shall mean, without duplication, those Assets used, contemplated for use or held for use, in each case, primarily in the ownership, operation or conduct of the EB Business as currently owned, operated and conducted or relating primarily to the EB Business as currently owned, operated or conducted, and shall include the following even if the following would otherwise be considered an EB Retained Asset:

- (i) the outstanding capital stock, units or other equity interests of the entities listed on Schedule 1.4(a)(i) and the Assets owned by such entities as of the Closing Date;

provided, that any and all other Assets owned or held immediately prior to the Closing Date by EchoStar or any other member of the EchoStar Group that do not constitute EB Transferred Assets based on the foregoing shall constitute “EB Transferred Assets” to the extent that DISH and EchoStar agree in good faith that the Assets would have been deemed “EB Transferred Assets” if the Parties hereto had given specific consideration to such Asset as of the date hereof. Notwithstanding anything to the contrary contained in this Section 1.4 or elsewhere in this Agreement, the EB Transferred Assets shall not in any event include the EB Retained Assets referred to in Section 1.4(b) below.

(b) The DISH Parties expressly understand and agree that all Assets of EchoStar or any other member of the EchoStar Group that are not EB Transferred Assets shall, unless any such Asset constitutes an ET Transferred Asset, remain the exclusive property of EchoStar or the relevant member of the EchoStar Group (subject to the Intellectual Property and Technology License Agreement) on and after the Closing (the “EB Retained Assets”), and shall include the following even if the following would otherwise be considered an EB Transferred Asset:

- (iii) all books, records, files and papers, whether in hard copy or electronic format, to the extent prepared in connection with this Agreement, any Transaction Document or the transactions contemplated hereby and thereby, and all minute books and corporate records of the EchoStar Group other than minutes and corporate records of the EB Group;
- (iv) all rights of any member of the EchoStar Group arising under this Agreement or any Transaction Document;
- (v) all Assets sold or otherwise disposed of during the period from the date hereof until the Closing Date in accordance with Section 4.2;

- (viii) any and all other Assets that are expressly contemplated by this Agreement or any Transaction Document (or the Schedules hereto or thereto) as Assets to be retained by EchoStar or any other member of the EchoStar Group; and
- (ix) except for any Assets identified in Schedule 1.4(e) as EB Transferred Assets, all Assets owned by HSSC or any of its Subsidiaries (other than the EB Group).

(c) For purposes of this Agreement, “ET Transferred Assets” shall mean, without duplication, those Assets used, contemplated for use or held for use, in each case, primarily in the ownership, operation or conduct of the ET Business as currently owned, operated and conducted or relating primarily to the ET Business as currently owned, operated or conducted, and shall include the following even if the following would otherwise be considered an ET Retained Asset:

- (i) the outstanding capital stock, units or other equity interests of the entities listed on Schedule 1.4(c)(i) and the Assets owned by such entities as of the Closing Date;
- (ii) all Assets properly reflected on the ET Group Financial Statements, excluding Assets disposed of by EchoStar or any other Subsidiary or entity controlled by EchoStar subsequent to the date of the ET Group Financial Statements;
- (iii) all Assets that have been written off, expensed or fully depreciated by EchoStar or any Subsidiary or entity controlled by EchoStar that, had they not been written off, expensed or fully depreciated, would have been reflected on the ET Group Financial Statements in accordance with GAAP;
- (iv) all Assets acquired by EchoStar or any Subsidiary or entity controlled by EchoStar after the date of the ET Group Financial Statements and that would be reflected on the balance sheet of ETLIC as of the Closing Date, if such balance sheet were prepared in accordance with GAAP;
- (v) ***
- (vi) the Assets set forth on Schedule 1.4(c)(vi); and
- (vii) those Assets not used, contemplated for use or held for use, in each case, primarily in the ownership, operation or conduct of the ET Business or not relating primarily to the ET Business as currently owned, operated or conducted that are listed on Schedule 1.4(c)(vii) as Assets to be transferred to, or retained by, ETLIC;

provided, that any and all other Assets owned or held immediately prior to the Closing Date by EchoStar or any other member of the EchoStar Group that do not constitute ET Transferred Assets based on the foregoing shall constitute "ET Transferred Assets" to the extent that DISH and EchoStar agree in good faith that the Assets would have been deemed "ET Transferred Assets" if the Parties hereto had given specific consideration to such Asset as of the date hereof. No Asset shall be deemed to be an ET Transferred Asset solely as a result of the proviso in this Section 1.4(c) if (i) such Asset is within the category or type of Asset expressly covered by the subject matter of a Transaction Document or (ii) a claim with respect thereto is not made by the DISH Parties on or prior to the second anniversary of the Closing Date.

Notwithstanding anything to the contrary contained in this Section 1.4 or elsewhere in this Agreement, the ET Transferred Assets shall not in any event include the ET Retained Assets referred to in Section 1.4(d) below.

(d) The DISH Parties expressly understand and agree that all Assets of EchoStar or any other member of the EchoStar Group that are not ET Transferred Assets shall, unless any such Asset constitutes an EB Transferred Asset, remain the exclusive property of EchoStar or the relevant member of the EchoStar Group (subject to the Intellectual Property and Technology License Agreement) on and after the Closing (the “ET Retained Assets”), and shall include the following even if the following would otherwise be considered an ET Transferred Asset:

- (i) any Asset expressly identified on Schedule 1.4(d)(i);
- (ii) all cash or cash equivalents, bank accounts, lock boxes and other deposit arrangements except as otherwise set forth on Schedule 1.4(c)(vi);
- (iii) all books, records, files and papers, whether in hard copy or electronic format, prepared in connection with this Agreement, any Transaction Document or the transactions contemplated hereby and thereby, and all minute books and corporate records of the EchoStar Group other than minutes and corporate records of the ET Group;
- (iv) all rights of any member of the EchoStar Group arising under this Agreement or any Transaction Document;
- (v) all Assets sold or otherwise disposed of during the period from the date hereof until the Closing Date in accordance with Section 4.2;
- (vi) the personnel records (including all human resources and other records) of the EchoStar Group relating to employees of the EchoStar Group (other than the personnel records relating to the Transferred Employees);
- (vii) ***
- (viii) any and all other Assets that are expressly contemplated by this Agreement or any Transaction Document (or the Schedules hereto or thereto) as Assets to be retained by EchoStar or any other member of the EchoStar Group; and
- (ix) except for any Assets identified in Schedule 1.4(e) as ET Transferred Assets, all Assets owned by HSSC or any of its Subsidiaries (other than the EB Group).

(e) Notwithstanding the foregoing, each EchoStar Party shall execute instruments of conveyance transferring each EB Transferred Asset and each ET Transferred Asset set forth on Schedule 1.4(e), effective as of the Closing (the “Asset Conveyance Instruments”), to one or more Affiliates of DISH as designated by DISH. Each EB Transferred Asset and each ET Transferred Asset set forth on Schedule 1.4(e) is in the name of such Affiliate of EchoStar for reasons germane to the EB Business or ET Business, as applicable, but is held by such Affiliate of EchoStar, and following the Closing will be held by such Affiliate of DISH, for the use and benefit, insofar as commercially reasonable, legally permitted and possible, of EB Splitco or ET Splitco, as applicable. ***

Section 1.5 Liabilities.

(a) For the purposes of this Agreement, “EB Assumed Liabilities” shall mean (without duplication) any and all Liabilities to the extent primarily arising from or resulting from the operation of the EB Business as currently conducted or the ownership of the EB Transferred Assets, including the following:

Neither the DISH Parties nor the EchoStar Parties shall permit any of their officers or any other representatives or agents to participate in any substantive meeting with any Governmental Authority in respect of any filing, investigation or other inquiry relating to the Closing Transactions or any other agreement contemplated hereby unless it consults with the EchoStar Parties or the DISH Parties, as the case may be, in advance and, to the extent permitted by such Governmental Authority, gives the other Party the opportunity to attend and participate thereat.

(d) Without limiting the generality of Section 4.3(a), the DISH Parties and the EchoStar Parties shall make (and shall cause their respective Subsidiaries to make) the governmental application filings set forth in Schedule 4.3(d)(i) (the "Required Governmental Applications") and the governmental notices set forth in Schedule 4.3(d)(ii) (the "Required Governmental Notices").

(e) The Parties shall use their respective commercially reasonable efforts to ensure that EchoStar and/or its Affiliates can fulfill their responsibilities as an FCC licensee for the radio service authorizations to be retained by EchoStar but that relate to the EB Business, including without limitation ensuring compliance with all applicable communications laws and FCC rules, orders and policies.

Section 4.4 Further Assurances.

nonperformance of any covenant or agreement made by any EchoStar Party contained in this Agreement or the Employee Matters Agreement, (c) any of the EB Excluded Liabilities, or (d) any of the ET Excluded Liabilities; ***.

Section 6.2 Indemnification Obligations of DISH. Subject to the limitations set forth in this Article VI, the DISH Parties shall indemnify EchoStar and its Affiliates and its and their officers, directors, employees, representatives and agents (the “EchoStar Indemnified Persons”) against and hold them harmless from any and all Losses imposed on, sustained, incurred or suffered by, or asserted against, any of the EchoStar Indemnified Persons, whether in respect of Third Party Claims, claims between the Parties, or otherwise, relating to, arising out of or resulting from (a) any breach of any of the representations or warranties of any DISH Party contained in this Agreement, (b) any breach or nonperformance of any covenant or agreement made by any DISH Party contained in this Agreement or the Employee Matters Agreement, (c) any of the EB Assumed Liabilities or (d) any of the ET Assumed Liabilities; ***.

Section 6.3 Limitations on Indemnity. No Party shall be required to make any payment with respect to its indemnification obligations in respect of a breach of any representation or warranty other than a breach of any Fundamental Representation under this Article VI unless (A) the aggregate Losses arising from an individual breach of any representation or warranty exceed *** (it being stated for the avoidance of doubt that the Losses arising from any potential indemnification claims that arise out of or involve or relate to similar facts or are based on related or similar occurrences, events or circumstances will be aggregated and treated as a single breach for purposes of this clause (A) of this Section 6.3) and (B) until such time as the obligations to the DISH Indemnified Persons, on the one hand, or the EchoStar Indemnified Persons, on the other hand, excluding Losses for which indemnification is not available as a result of the application of the de minimis threshold contained in clause (A) above, exceed *** in the aggregate (the “Deductible”); provided, that once such Losses exceed the Deductible, the indemnifying party shall be responsible for all amounts in excess thereof; provided, further, that in no event shall the aggregate indemnification actually paid by the EchoStar Parties, on the one hand, or the DISH Parties, on the other hand, pursuant to Section 6.1 or Section 6.2, as the case may be, in respect of a breach of any of the representations or warranties (other than a breach of any of the Fundamental Representations) exceed ***. Notwithstanding the foregoing, in no event shall (x) the aggregate indemnification actually paid by the EchoStar Parties pursuant to Section 6.1, taken together with all other indemnification actually paid by the EchoStar Parties pursuant to Section 6.1, or (y) the aggregate indemnification actually paid by the DISH Parties pursuant to Section 6.2, taken together with all other indemnification actually paid by the DISH Parties pursuant to Section 6.2, in the case of each of (x) and (y), in respect of breaches of any representations or warranties, exceed ***. The EchoStar Indemnified Persons or the DISH Indemnified Persons, as applicable, shall take, and cause its Affiliates to take, all commercially reasonable steps to mitigate any Loss upon becoming aware of any event or circumstance that would be reasonably expected to, or does, give rise thereto, including incurring costs only to the minimum extent

necessary to remedy the breach that gives rise to such Loss; provided, that nothing herein shall require any EchoStar Indemnified Person of DISH Indemnified Person to file any claim under any insurance policy. ***

Section 6.4 Method of Asserting Claims. All claims for indemnification by any DISH Indemnified Person or EchoStar Indemnified Person (each, an “Indemnified Party”) shall be asserted and resolved as set forth in this Section 6.4. Any Indemnified Party seeking indemnity pursuant to Section 6.1 or Section 6.2 shall notify in writing the Party from whom indemnification is sought (the “Indemnifying Party”) of such demand for indemnification. The Indemnifying Party shall have *** from the personal delivery or mailing of such notice (the “Notice Period”) to notify the Indemnified Party whether or not it desires to defend the Indemnified Party against such claim or demand with respect to a claim or demand based on a Third Party Claim. In the event that the Indemnifying Party notifies the Indemnified Party within the Notice Period that, with respect to a Third Party Claim, it desires to defend the Indemnified Party against such Third Party Claim, the Indemnifying Party shall have the right to defend the Indemnified Party at the Indemnifying Party’s sole cost and expense and with counsel (plus local counsel if appropriate) reasonably satisfactory to the Indemnified Party. No Indemnifying Party shall, without the prior written consent of the Indemnified Party, compromise or consent to entry of any judgment or enter into any settlement agreement with respect to any action or proceeding in respect of which indemnification is sought under Section 6.1 or Section 6.2 (whether or not the Indemnified Party is an actual or potential party thereto), unless such compromise, consent or settlement involves only the payment of money damages for which the Indemnifying Party will indemnify the Indemnified Party hereunder. If the right to assume and control the defense is exercised, the Indemnified Party shall have the right to participate in, but not control, such defense at its own expense and the Indemnifying Party’s indemnity obligations shall be deemed not to include attorneys’ fees and litigation expenses incurred in such participation by the Indemnified Party after the assumption of the defense by the Indemnifying Party in accordance with the terms of this Agreement; provided, however, that the Indemnified Parties collectively shall be entitled to employ one firm or separate counsel (plus local counsel if appropriate) to represent the Indemnified Parties if, in the opinion of counsel to each Indemnified Party seeking to employ such separate counsel, a conflict of interest between such Indemnified Party or Parties and the Indemnifying Party exists in respect of such claim and in each such event, the fees, costs and expenses of one such firm or separate counsel (plus one local counsel per jurisdiction if appropriate) shall be paid in full by the Indemnifying Party. If the Indemnifying Party has not elected to assume the defense of a Third Party Claim within the Notice Period, the Indemnified Party may defend and settle the claim for the account and cost of the Indemnifying Party; provided, that the Indemnified Party will not settle the Third Party Claim without the prior written consent of the Indemnifying Party, which consent shall not be unreasonably withheld. The Indemnified Party shall cooperate with the Indemnifying Party and, subject to obtaining proper assurances of confidentiality and privilege, shall make available to the Indemnifying Party all pertinent information under the control of the Indemnified Party.

Section 6.5 *** Survival.

All representations and warranties contained in this Agreement and all claims with respect thereto shall terminate on ***, it being understood that in the event that notice of any claim for indemnification under this Article VI has been given pursuant to Section 6.4 within the applicable survival period, the representations and warranties that are the subject of such indemnification claim (and the right to pursue such claim) shall survive with respect to such claim until such time as such claim is finally resolved. Any claim for a breach of a representation or warranty must be delivered prior to the expiration of the applicable survival term set forth in this Section 6.5(b). It is the intention of the Parties that the survival periods and termination date set forth in this Section 6.5(b) supersede a statute of limitation applicable to such representations and warranties or claim with respect thereof other than in the case of fraud. No Indemnified Party shall be required to show reliance on any representation, warranty, certificate or other agreement in order for such Indemnified Party to be entitled to indemnification, compensation or reimbursement hereunder.

Section 7.1 Termination of Agreement. This Agreement may be terminated prior to the Closing as follows:

(a) by mutual written consent of DISH and EchoStar;

(b) by either DISH or EchoStar, by giving written notice of such termination to the other Party, if (i) the Closing shall not have occurred on or prior to the close of business on March 31, 2017 (the "Termination Date"), or (ii) any of the conditions set forth in Section 5.1 (Mutual Conditions to Closing) shall have become incapable of satisfaction, provided, that the right to terminate this Agreement pursuant to this Section 7.1(b) shall not be available to any Party that has breached in any material respect its obligations under this Agreement in any manner that shall have proximately caused or resulted in the failure of a condition to the consummation of the Closing Transactions;

(c) by EchoStar if there has been a breach of any representation, warranty, covenant or agreement made by any of the DISH Parties in this Agreement, or any such representation and warranty shall have become untrue after the date hereof, such that Section 5.3(a) (Representations and Warranties of the DISH Parties) or Section 5.3(b) (Performance of Obligations and Agreements by the DISH Parties) would not be satisfied and such breach or condition is not curable or, if curable, is not cured within the earlier of (i) thirty (30) days after written notice thereof is given by EchoStar to DISH and (ii) the Termination Date; or

(d) by DISH if there has been a material breach of any representation, warranty, covenant or agreement made by any of the EchoStar Parties in this Agreement, or any such representation and warranty shall have become untrue after the date hereof, such that Section 5.2(a) (*Representations and Warranties of the EchoStar Parties*) or Section 5.2(b) (*Performance of Obligations and Agreements by the EchoStar Parties*) would not be satisfied and such breach or condition is not curable or, if curable, is not cured within the earlier of (i) thirty (30) days after written notice thereof is given by DISH to EchoStar and (ii) the Termination Date.

Section 7.2 Procedure Upon Termination. In the event of termination by DISH or EchoStar, or both, pursuant to Section 7.1, written notice thereof shall forthwith be given to the other Party, and this Agreement shall terminate, and each of the Pre-Closing Restructuring and Closing Transactions shall be abandoned, without further action by DISH or EchoStar.

Section 7.3 Effect of Termination.

(a) In the event that this Agreement is validly terminated in accordance with Sections 7.1 and 7.2, then each of the Parties shall be relieved of their duties and obligations arising under this Agreement after the date of such termination and such termination shall be without liability to the other Parties, and each exhibit hereto and each Transaction Document shall be deemed null and void *ab initio*; provided, that the obligations of the Parties set forth in this Section 7.3, Section 4.6 (*Confidentiality*), Section 4.8 (*Publicity*) and Article VIII (*Miscellaneous*) hereof shall survive any such termination and shall be enforceable hereunder.

(b) Nothing in this Section 7.3 shall relieve any of the Parties of any liability for a material breach of any of its covenants or agreements or material breach of its representations and warranties contained in this Agreement or any Transaction Document executed prior to or on the date hereof prior to the date of termination. The damages recoverable by the non-breaching Party shall include all attorneys' fees reasonably incurred by such Party in connection with the Closing Transactions.

The Parties shall cooperate in good faith with respect to any reasonable requests for exchanges of information regarding the Dispute or a Response thereto.

Any decisions of award of the arbitrator(s) will be final and binding upon the Parties and may be entered as a judgment by the Parties. Any rights to appeal or review such award by any court or tribunal are hereby waived to the extent permitted by Applicable Law.

(ii) Any Dispute regarding the following is not required to be negotiated or mediated prior to seeking relief from an arbitrator: (i) breach of any obligation of confidentiality; and (ii) any other claim where interim relief from the arbitrator is sought to prevent serious and irreparable injury to one of the Parties. However, the Parties to the Dispute shall make a good faith effort to negotiate and mediate such Dispute, according to the above procedures, while such arbitration is pending.

(iii) Costs of the arbitration shall be borne equally by the Parties involved in the matter, except that each Party shall be responsible for its own expenses.
