

EchoStar Announces Financial Results for the Three and Nine Months Ended September 30, 2022

November 3, 2022

ENGLEWOOD, Colo., Nov. 2, 2022 /PRNewswire/ -- EchoStar Corporation (NASDAQ: SATS) announced its financial results for the three and nine months ended September 30, 2022.

Three Months Ended September 30, 2022 Financial Highlights:

- Consolidated revenue of \$497.4 million.
- Consolidated net income of \$19.6 million, consolidated net income attributable to EchoStar common stock of \$22.4 million and basic and diluted earnings per share of common stock of \$0.27.
- Consolidated Adjusted EBITDA of \$158.8 million (see discussion and the reconciliation of GAAP to this non-GAAP measure below).

Nine Months Ended September 30, 2022 Financial Highlights:

- Consolidated revenue of \$1,498.2 million.
- Consolidated net income of \$119.0 million, consolidated net income attributable to EchoStar common stock of \$127.7 million, and basic and diluted earnings per share of common stock of \$1.51.
- Consolidated Adjusted EBITDA of \$492.4 million (see discussion and the reconciliation of GAAP to this non-GAAP measure below).

"During the third quarter of 2022, the EchoStar team continued to optimize operations and asset yields, delivering a solid performance," said Hamid Akhavan, CEO and President of EchoStar. "We remain focused on operating the business in an efficient manner while also preparing for the launch of our EchoStar XXIV/JUPITER 3 satellite. We have capitalized on enterprise market opportunities, and I am pleased that we have increased sales of equipment, primarily developed in-house, for both the three and nine month periods ending September 30, compared to the same periods last year. We continue to seek opportunities in pursuit of our strategy of being a global connectivity and services provider."

Three Months Ended September 30, 2022 - Additional Information:

- Consolidated revenue decreased 1.4% or \$7.3 million year over year. Lower service revenue of \$31.4 million, primarily due to lower broadband consumer customers, was partially offset by higher equipment sales of \$24.1 million to our domestic and international enterprise customers. The decrease includes an estimated negative foreign exchange impact of \$3.8 million.
- Consolidated net income decreased \$10.7 million year over year. The decrease was primarily due to lower operating income of \$15.6 million and an unfavorable change in investments of \$13.8 million. These items were partially offset by lower net interest expense of \$10.9 million, lower net income tax expense of \$6.6 million, and lower losses on foreign exchange of \$3.8 million.
- Consolidated Adjusted EBITDA decreased 15.1% or \$28.2 million year over year.
 - Hughes segment adjusted EBITDA decreased \$25.4 million year over year. The decrease was driven by lower gross margin due primarily to a change in revenue mix.
 - ESS segment adjusted EBITDA increased \$1.1 million year over year.
 - Corporate and Other segment adjusted EBITDA decreased \$3.9 million year over year. The decrease was primarily

due to higher corporate expenses and lower earnings of unconsolidated affiliates, net, of \$1.3 million.

- Hughes broadband subscribers totaled approximately 1,285,000, declining 61,000 from June 30, 2022. Current capacity limitations as well as competitive pressures are impacting consumer subscriber levels. In Latin America, subscriber levels were also impacted by adverse economic conditions, more selective customer screening, and capacity allocation to higher economic value enterprise and government applications.
- For the three months ended September 30, 2022, approximately 60% of Hughes segment revenue was attributable to consumer customers with approximately 40% attributable to enterprise customers.
- Cash, cash equivalents and current marketable investment securities were \$1.6 billion as of September 30, 2022.
- During the three months ended September 30, 2022, we purchased 593,643 shares of our Class A common stock in open market trades.
- The JUPITER 3/EchoStar XXIV satellite continues to progress at Maxar and is expected to be launched during the first half of 2023

Note on Use of Non-GAAP Financial Measures

EBITDA is defined as "Net income (loss)" excluding "Interest income, net," "Interest expense, net of amounts capitalized," "Income tax benefit (provision), net," "Depreciation and amortization," and "Net income (loss) attributable to non-controlling interests."

Adjusted EBITDA is defined as EBITDA excluding Gains and losses on investments, net, Foreign currency transaction gains (losses), net, and other non-recurring or non-operational items. EBITDA and Adjusted EBITDA are not measures determined in accordance with US GAAP. EBITDA and Adjusted EBITDA are reconciled to Net income (loss) in the table above and should not be considered in isolation or as a substitute for operating income, net income or any other measure determined in accordance with US GAAP. Our management uses EBITDA and Adjusted EBITDA as measures of our operating efficiency and overall financial performance for benchmarking against our peers and competitors. Management believes that these non-GAAP measures provide meaningful supplemental information regarding the underlying operating performance of our business and are appropriate to enhance an overall understanding of our financial performance. Management also believes that EBITDA and Adjusted EBITDA are useful to investors because they are frequently used by securities analysts, investors, and other interested parties to evaluate the performance of companies in our industry.
