

EchoStar Announces Financial Results for the Three and Six Months Ended June 30, 2023

August 8, 2023

ENGLEWOOD, Colo., Aug. 8, 2023 /PRNewswire/ -- EchoStar Corporation (Nasdaq: SATS) announced its financial results for the three and six months ended June 30, 2023.

Three Months Ended June 30, 2023 Financial Highlights:

- Consolidated revenue of \$453.1 million.
- Net income of \$9.1 million, consolidated net income attributable to EchoStar common stock of \$11.2 million, and basic and diluted earnings per share of common stock of \$0.13.
- Consolidated Adjusted EBITDA of \$153.3 million (see discussion and the reconciliation of GAAP to this non-GAAP measure below).
- Cash, cash equivalents and current marketable investment securities were \$1.9 billion as of June 30, 2023, up from \$1.7 billion as of March 31, 2023.

Six months ended June 30, 2023 Financial Highlights:

- Consolidated revenue of \$892.7 million.
- Net income of \$36.9 million, consolidated net income attributable to EchoStar common stock of \$40.2 million, and basic and diluted earnings per share of common stock of \$0.48.
- Consolidated Adjusted EBITDA of \$288.2 million (see discussion and the reconciliation of GAAP to this non-GAAP measure below).

"In the second quarter of 2023, the EchoStar team once again delivered a strong performance, ending the quarter with the delivery of the JUPITER 3/EchoStar XXIV satellite to the launch base as scheduled," said Hamid Akhavan, CEO and President of EchoStar. "While optimizing existing assets and pursuing new avenues of growth, the team also planned the JUPITER 3 launch mission in record time – executing it flawlessly and setting us on the path to future growth."

Three Months Ended June 30, 2023 - Additional Information:

- Consolidated revenue decreased 9.3% or \$46.2 million year over year. The decrease was driven by lower service revenues of \$43.2 million partially due to fewer broadband customers. Equipment revenue decreased \$3.0 million, primarily due to lower sales to both domestic and international enterprise customers, partially offset by an increase in sales to our mobile satellite system customers and positive adjustments on profit margin on long-term contracts.
- Net income decreased \$1.4 million year over year. The decrease was primarily due to an impairment of a certain equity investment of \$33.4 million and higher income tax expense of \$13.4 million. These items were partially offset by a favorable change in investment losses of \$17.1 million, higher interest income of \$14.5 million, \$6.9 million in foreign exchange gains and \$6.7 million in other income due to gain on the repayment from other debt securities.
- Adjusted EBITDA decreased 8.6% or \$14.5 million year over year.
 - Hughes segment Adjusted EBITDA decreased \$11.3 million year over year. The decrease was driven primarily by lower service and equipment revenue, partially offset by lower sales and marketing expense from our broadband consumer business.
 - ESS segment Adjusted EBITDA increased \$1.0 million year over year, primarily due to higher revenue.
 - Corporate and Other Adjusted EBITDA decreased \$4.2 million year over year, primarily due to higher corporate expenses.
- Hughes broadband subscribers totaled approximately 1,122,000, declining 106,000 from December 31, 2022. Our current capacity limitations, increasing bandwidth usage by approximately 16% year on year on average by our existing U.S subscribers, and competitive pressures are impacting our consumer subscriber levels. In Latin America, subscriber levels were tempered by our focus on more profitable consumer segments and by our allocation of capacity to enterprise opportunities.

- For the three months ended June 30, 2023, approximately 41% of Hughes segment revenue was attributable to our enterprise customers, increasing from 37% in the same period last year.
- The JUPITER 3/EchoStar XXIV satellite shipped to the launch site in June and subsequently launched successfully on July 28, 2023. Currently, the satellite is being raised to its orbit, 22,236 miles (35,786 kilometers) above the Earth and to its destination at the 95 degrees west orbital slot. It will undergo extensive bus and payload testing before beginning service in the fourth quarter of this year.

Set forth below is a table highlighting certain of EchoStar's segment results for the three and six months ended June 30, 2023 and 2022 (amounts in thousands) (all US GAAP amounts reference results from operations):

	I	For the thi ended			 For the s ended

Note on Use of Non-GAAP Financial Measures

EBITDA is defined as "Net income (loss)" excluding "Interest income, net," "Interest expense, net of amounts capitalized," "Income tax benefit (provision), net," "Depreciation and amortization," and "Net income (loss) attributable to non-controlling interests."

Adjusted EBITDA is defined as EBITDA excluding Gains and losses on investments, net, Foreign currency transaction gains (losses), net, and other non-recurring or non-operational items.

EBITDA and Adjusted EBITDA are not measures determined in accordance with US GAAP. EBITDA and Adjusted EBITDA are reconciled to Net income (loss) in the table above and should not be considered in isolation or as a substitute for operating income, net income or any other measure

determined in accordance with US GAAP. Our management uses EBITDA and Adjusted EBITDA as measures of our operating efficiency and overall financial performance for benchmarking against our peers and competitors.

Management believes that these non-GAAP measures provide meaningful supplemental information regarding the underlying operating performance of our business and are appropriate to enhance an overall understanding of our financial performance. Management also believes that EBITDA and Adjusted EBITDA are useful to investors because they are frequently used by securities analysts, investors, and other interested parties to evaluate the performance of companies in our industry.

The consolidated financial statements of EchoStar for the periods ended June 30, 2023 and 2022 are attached to this press release. Detailed financial data and other information are available in EchoStar's Quarterly Report on Form 10-Q for the period ended June 30, 2023 filed today with the Securities and Exchange Commission.
