

DISH Network and EchoStar Statement Regarding Tivo

ENGLEWOOD, Colo. – Aug. 4, 2009 – DISH Network Corporation (NASDAQ: DISH) and EchoStar Corporation (NASDAQ: SATS) issued the following statement regarding recent developments in EchoStar Communications Corporation vs. Tivo:

"We are pleased that the Patent and Trademark Office (PTO) issued an initial office action rejecting Tivo's software claims as invalid in light of two prior patents. These software claims are the same claims that EchoStar was found to have infringed in the contempt ruling now pending on appeal. We believe that the PTO's conclusions are highly relevant to the issues on appeal as well as the pending sanctions proceedings in the district court."

About DISH Network Corporation

DISH Network Corporation (Nasdaq: DISH), the nation's HD leader, provides approximately 13.584 million satellite TV customers as of March 31, 2009 with the highest quality programming and technology at the best value, including the lowest all-digital price nationwide.
