F THE SECURITIES EXCHANGE [X] QUARTE ACT OF 1997

0R

[] TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

the transition period from _ to

Commission file number 333-31929

EchoStar DBS Corporation (Exact Name of Registrant as Specified in its Charter)

Colorado 84-1328967 (State or Other Jurisdiction of Incorporation or Organization) (State or (I.R.S. Employer Identification No.)

90 Inverness Circle East Englewood, Colorado 80112 (Address of principal executive offices) (Zip code)

> (303) 799-8222 (Registrant's telephone number, including area code)

> Not Applicable (Former name, former address and former fiscal year, if changed since last report)

Indicate by check mark whether the registrant has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and has been subject to such filing requirements for the past 90 days.

Yes _X_ No ___

As of August 14, 1997, Registrant's outstanding common stock consisted of 1,000 shares of Common Stock, \$0.01 par value.

The Registrant meets the conditions set forth in General Instructions (H)(1)(a) and (b) of Form 10-Q and is therefore filing this Form 10-Q with the reduced disclosure format.

TABLE OF CONTENTS

PART I - FINANCIAL INFORMATION

Item 1.	Financial Statements	
	ensed Consolidated Balance Sheets - ember 31, 1996 and June 30, 1997 (Unaudited)	1
Thr	ensed Consolidated Statements of Operations - ee and six months ended e 30, 1996 and 1997 (Unaudited)	2
Thr	ensed Consolidated Statements of Cash Flows - ee and six months ended e 30, 1996 and 1997 (Unaudited)	3
Note	s to Condensed Consolidated Financial Statements(Unaudited)	4
Item 2.Ma	nagement's Narrative Analysis of Results of Operations	8
	PART II - OTHER INFORMATION	
Item 1.	Legal Proceedings	12
Item 2.	Changes in Securities	*
Item 3.	Defaults Upon Senior Securities	*
Item 4.	Submission of Matters to a Vote of Security Holders	*
Item 5.	Other Information	None
Item 6.	Exhibits and Reports on Form 8-K	12

^{*} This item has been omitted pursuant to the reduced disclosure format as set forth in General Instructions (H)(1)(a) and (b) of Form 10-Q.

ECHOSTAR DBS CORPORATION AND SUBSIDIARIES NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

1.Organization and Business Activities

Principal Business

EchoStar DBS Corporation and subsidiaries ("DBS Corp" or the "Company"), is a wholly-owned subsidiary of EchoStar Communications Corporation ("EchoStar"), a publicly-traded company on the Nasdaq National Market. The Company is primarily engaged in the operation of a direct broadcast satellite ("DBS") subscription television service (the "DISH Network"), which commenced operations in March 1996. The DISH Network currently provides approximately 120 channels of digital video programming and over 30 channels of CD quality audio programming to consumers throughout the continental United States. In addition to the DISH Network, the Company designs, manufactures, distributes and installs satellite direct-to-home ("DTH") products, and distributes domestic DTH programming. The Company's primary business objective is to become one of the leading providers of subscription television and other satellite-delivered services in the United States. The Company had approximately 590,000 subscribers to DISH Network programming as of June 30, 1997.

Recent Developments

1997 Notes Offering

On June 25, 1997, DBS Corp consummated an offering (the "1997 Notes Offering") of 12.5% Senior Secured Notes due 2002 (the "1997 Notes"). The 1997 Notes Offering resulted in net proceeds to the Company of approximately \$362.5 million. Interest on the 1997 Notes is payable semi-annually on January 1 and July 1 of each year, commencing January 1, 1998. Approximately \$109.0 million of the net proceeds of the 1997 Notes Offering were placed in an escrow account to fund the first five semi-annual interest payments (through January 1, 2000). The 1997 Notes were issued in a private placement pursuant to Rule 144A of the Securities Act of 1933, as amended. DBS Corp agreed to exchange the privately issued notes for publicly registered notes and on July 23, 1997 filed a registration statement on Form S-4 (the "Registration Statement") with the Securities and Exchange Commission. Upon the effectiveness of the Registration Statement, the Company will make an offer to exchange the 1997 Notes for publicly registered notes with substantially identical terms (including principal amount, interest rate, maturity, security and ranking). Prior to consummation of the 1997 Notes Offering, EchoStar contributed (the "Contribution") all of the outstanding capital stock of its wholly-owned subsidiary EchoStar Satellite Broadcasting Corporation ("ESBC") to DBS Corp. As a result of the Contribution, ESBC is a wholly-owned subsidiary of DBS Corp.

News Corporation Litigation

On February 24, 1997, EchoStar and The News Corporation Limited ("News") announced an agreement (the "News Agreement") pursuant to which, among other things, News agreed to acquire approximately 50% of the outstanding capital stock of EchoStar. News also agreed to make available for use by EchoStar the DBS permit for 28 frequencies at 110 degrees West Longitude ("WL") purchased by MCI Communications Corporation ("MCI") for over \$682 million at a Federal Communications Commission ("FCC") auction. During late April 1997, substantial disagreements arose between the parties regarding their obligations under the News Agreement.

During May 1997, EchoStar initiated litigation alleging, among other things, breach of contract, failure to act in good faith, and other causes of action. News has denied all of EchoStar's material allegations and has asserted numerous counterclaims against EchoStar and its Chairman and Chief Executive Officer, Charles W. Ergen. While EchoStar is confident of its position and believes it will ultimately prevail, the litigation process could continue for many years and there can be no assurance concerning the outcome of the litigation.

ECHOSTAR DBS CORPORATION AND SUBSIDIARIES NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS-Continued

2. Significant Accounting Policies

Basis of Presentation

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with generally accepted accounting principles for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring adjustments) considered necessary for a fair presentation have been included. All significant intercompany accounts and transactions have been eliminated in consolidation. Operating results for the three and six months ended June 30, 1997 are not necessarily indicative of the results that may be expected for the year ending December 31, 1997. For further information, refer to the consolidated financial statements and footnotes thereto included in the Company's Annual Report on Form 10-K for the year ended December 31, 1996. Certain prior year amounts have been reclassified to conform with the current year presentation.

Unless otherwise stated herein, or the context otherwise requires, references herein to EchoStar shall include EchoStar, ESBC and all direct and indirect wholly-owned subsidiaries thereof. The Company's management refers readers of this Quarterly Report on Form 10-Q to EchoStar's Quarterly Report on Form 10-Q for the six months ended June 30, 1997.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses for each reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

The Company considers all liquid investments purchased with original maturities of 90 days or less to be cash equivalents. Cash equivalents as of December 31, 1996 and June 30, 1997 principally consisted of money market funds, corporate notes and commercial paper; such balances are stated at cost which equates to market value.

Income Taxes

Statement of Financial Accounting Standards No. 109, "Accounting for Income Taxes," requires that the tax benefit of net operating losses ("NOLs") for financial reporting purposes be recorded as an asset and that deferred tax assets and liabilities are recorded for the estimated future tax effects of temporary differences between the tax basis of assets and liabilities and amounts reported in the consolidated balance sheets. To the extent that management assesses the realization of deferred tax assets to be less than "more likely than not," a valuation reserve is established. The Company has fully reserved the 1997 additions to its deferred tax assets.

3.Restricted Cash and Marketable Investment Securities

Restricted cash and marketable investment securities held in escrow accounts, as reflected in the accompanying condensed consolidated balance sheets, represent cash restricted by the indenture associated with the 1997 Notes and the remaining restricted cash proceeds from the 1996 Notes Offering, plus investment earnings, less amounts expended to date. A portion of the proceeds from the 1997 Notes Offering are held in two separate escrow accounts (the "Interest Escrow" and the "Satellite Escrow") as required by the related indenture. Restricted cash and marketable investment securities are invested in certain permitted debt and other marketable investment securities until disbursed for the express purposes identified in the respective indentures.

Other restricted cash includes balances totaling \$5.7 million at December 31, 1996 and June 30, 1997, respectively, which was restricted to satisfy certain covenants in the 1994 Notes Indenture regarding launch insurance for EchoStar II. In addition, as of December 31, 1996, \$15.0 million was held in escrow relating to a non-performing manufacturer of DBS receivers (see Note 6).

ECHOSTAR DBS CORPORATION AND SUBSIDIARIES NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS-Continued

Also, as of December 31, 1996, \$10.0 million was on deposit in a separate escrow account established, pursuant to an additional DBS receiver manufacturing agreement, to provide for the Company's future payment obligations. The \$15.0 million and \$10.0 million deposits were both released from these escrow accounts in May 1997.

4. Inventories

Inventories consist of the following (in thousands):

	December 31, 1996	June 30, 1997
		(Unaudited)
EchoStar Receiver Systems DBS receiver components Consigned DBS receiver components Finished goods - International Finished goods - C-band Spare parts and other Reserve for excess and obsolete inventory	\$ 32,799 15,736 23,525 3,491 600 2,279 (5,663)	\$ 46,499 15,201 2,681 4,181 359 1,771 (7,649)
	\$ 72,767	\$ 63,043 ======

5.1997 Notes

On June 25, 1997, DBS Corp completed the 1997 Notes Offering consisting of \$375.0 million aggregate principal amount of the 1997 Notes. The 1997 Notes Offering resulted in net proceeds to DBS Corp of approximately \$362.5 million (after payment of underwriting discounts and other issuance costs aggregating approximately \$12.5 million). The 1997 Notes bear interest at a rate of 12 1/2%, computed semi-annually. Interest on the 1997 Notes will be payable in cash semi-annually on January 1 and July 1 of each year, with the first interest payment due January 1, 1998. Approximately \$109.0 million of the net proceeds of the 1997 Notes Offering were placed in the Interest Escrow account to fund the first five semi-annual interest payments (through January 1, 2000). Approximately \$112.0 million of the net proceeds of the 1997 Notes Offering were placed in the Satellite Escrow account to fund the construction launch and insurance of EchoStar's fourth DBS satellite ("EchoStar IV"). The 1997 Notes mature on July 1, 2002.

The 1997 Notes rank pari passu in right of payment with all senior indebtedness of DBS Corp. The 1997 Notes are guaranteed on a subordinated basis by DBS Corp's parent, EchoStar, and, contingent upon the occurrence of certain events, will be guaranteed by ESBC and Dish, Ltd. and certain other subsidiaries of DBS Corp and EchoStar. The 1997 Notes are secured by liens on the capital stock of DBS Corp, EchoStar IV, and certain other assets of DBS Corp and EchoStar. Although the 1997 Notes are titled "Senior:" (i) DBS Corp has not issued, and does not have any plans to issue, any significant indebtedness to which the 1997 Notes would be senior; and (ii) the 1997 Notes are effectively subordinated to all liabilities of ECC (except liabilities to general creditors). In addition, the ability of Dish, Ltd. to make distributions to DBS Corp is severely limited by the terms of an indenture to which it is subject, and the cash flow generated by the assets and operations of DBS Corp's subsidiaries will only be available to satisfy DBS Corp's obligations on the 1997 Notes to the extent that such subsidiaries are able to make distributions, directly or indirectly, to DBS Corp.

Except under certain circumstances requiring prepayment premiums, and in other limited circumstances, the 1997 Notes are not redeemable at DBS Corp's option prior to July 1, 2000. Thereafter, the 1997 Notes will be subject to redemption, at the option of DBS Corp, in whole or in part, at redemption prices decreasing from 106.25% during the year commencing July 1, 2000 to 100% on or after July 1, 2002, together with accrued and unpaid interest thereon to the redemption date.

The 1997 Notes Indenture contains restrictive covenants that, among other things, impose limitations on the ability of DBS Corp to: (i) incur additional indebtedness; (ii) issue preferred stock; (iii) apply the proceeds of certain asset sales; (iv) create, incur or assume liens; (v) create dividend and other payment restrictions with respect to DBS Corp's subsidiaries; (vi) merge,

ECHOSTAR DBS CORPORATION AND SUBSIDIARIES NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS-Continued

consolidate or sell assets; (vii) incur subordinated or junior debt; and (viii) enter into transactions with affiliates. In addition, DBS Corp may pay dividends on its equity securities only if: (1) no default is continuing under the 1997 Notes Indenture; and (2) after giving effect to such dividend and the incurrence of any indebtedness (the proceeds of which are used to finance the dividend), DBS Corps's ratio of total indebtedness to cash flow (calculated in accordance with the 1997 Notes Indenture) would not exceed 6.0 to 1.0. Moreover, the aggregate amount of such dividends generally may not exceed the sum of the difference of cumulative consolidated cash flow (calculated in accordance with the 1997 Notes Indenture) minus 150% of consolidated interest expense of DBS Corp (calculated in accordance with the 1997 Notes Indenture) plus an amount equal to 100% of the aggregate net cash proceeds received by DBS Corp and its subsidiaries from the issuance or sale of equity interests of DBS Corp or EchoStar (other than equity interests sold to a subsidiary of DBS Corp or EchoStar, since June 25, 1997).

In the event of a change of control, as defined in the 1997 Notes Indenture, DBS Corp will be required to make an offer to repurchase all of the 1997 Notes at a purchase price equal to 101% of the aggregate principal amount thereof, together with accrued and unpaid interest thereon, to the date of repurchase.

6.Commitments and Contingencies

Purchase Commitments

The Company has entered into agreements with various manufacturers to purchase DBS satellite receivers and related components manufactured to its specifications. As of June 30, 1997, remaining commitments total approximately \$141.7 million and the total of all outstanding purchase order commitments with domestic and foreign suppliers was \$148.1 million. All of the purchases related to these commitments are expected to be made during 1997. The Company expects to finance these purchases from unrestricted cash and additional cash flows generated from sales of DISH Network programming and related DBS inventory. The Company expects that its 1997 purchases of DBS satellite receivers and related components will significantly exceed its existing contractual commitments. In addition to the above, EchoStar will expend \$192.6 million between June 30, 1997 and the first quarter of 1998 to complete the construction phase (including applicable insurance) and launch of its third DBS satellite ("EchoStar III") and EchoStar IV.

Other Risks and Contingencies

The Company is subject to various other legal proceedings and claims which arise in the ordinary course of its business. In the opinion of management, the amount of ultimate liability with respect to these actions will not materially affect the financial position or results of operations of the Company.

All statements contained herein, as well as statements made in press releases and oral statements that may be made by the Company or by officers, directors or employees of the Company acting on the Company's behalf, that are not statements of historical fact, constitute "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. Such forward-looking statements involve known and unknown risks, uncertainties and other factors that could cause the actual results of the Company to be materially different from the historical results of or from any future results expressed or implied by such forward-looking statements. Among the factors that could cause actual results to differ materially are the following: the unavailability of sufficient capital on satisfactory terms to finance the Company's business plan; increased competition from cable, direct broadcast satellite ("DBS"), other satellite system operators, and other providers of subscription television services; the introduction of new technologies and competitors into the subscription television business; increased subscriber acquisition costs and subscriber promotion subsidies; the inability of the acquisition costs and subscriber promotion subsidies; the inability of the Company to obtain necessary shareholder and bond-holder approval of any strategic transactions; the inability of the Company to obtain necessary authorizations from the Federal Communications Commission ("FCC"); general business and economic conditions and other risk factors described from time to time in the Company's reports filed with the Securities and Exchange Commission ("SEC"). In addition to statements, which explicitly describe such risks and uncertainties, readers are urged to consider statements labeled with the terms "believes," "belief," "expects," "plans," "anticipates," or "intends" to be uncertain and forward-looking. All cautionary statements made herein should be read as being applicable to all related forward-looking statements wherever they appear. In this connection, investors should consider the risks described

Three Months Ended June 30, 1997 Compared to the Three Months Ended June 30, 1996.

Revenue. Total revenue for the three months ended June 30, 1997 was \$100.0 million, an increase of \$30.6 million, or 44%, as compared to total revenue for the three months ended June 30, 1996 of \$69.4 million. The increase in total revenue in 1997 was primarily attributable to DISH Network subscriber growth. As of June 30, 1997, the Company had approximately 590,000 DISH Network subscribers compared to approximately 70,000 at June 30, 1996. The Company expects this trend to continue as it adds additional DISH Network subscribers.

The increase in total revenue for the three months ended June 30, 1997 was partially offset by a decrease in international and domestic sales of C-band satellite receivers and equipment. As was anticipated, domestic and international demand for C-band DTH products continued to decline during the second quarter of 1997; this decline is expected to continue for the foreseeable future. Consistent with the increases in total revenue during the three months ended June 30,1997, the Company experienced a corresponding increase in trade accounts receivable at June 30, 1997. The Company expects this trend to continue as the number of DISH Network subscribers increases, and as the Company develops additional channels of distribution for DISH Network equipment.

Revenue from domestic sales of DTH products and technical services decreased \$46.8 million, or 92%, to \$4.1 million during the three months ended June 30, 1997. Domestically, the Company sold approximately 174,000 satellite receivers during the three months ended June 30, 1997, as compared to approximately 110,000 receivers sold during the comparable period in 1996. Of the total number of satellite receivers sold during the three months ended June 30, 1997, approximately 173,000 were EchoStar Receiver Systems. Although there was a significant increase in the number of satellite receivers sold in the second quarter of 1997 as compared to same quarter in 1996, overall revenue from domestic sales of DTH products decreased as a result of decreased prices charged for DBS receivers combined with the revenue recognition policy applied to DBS satellite receivers sold under the Company's promotions.

Revenue from international sales of analog DTH products for the three months ended June 30, 1997 was \$6.1 million, a decrease of \$3.5 million, or 36%, as compared to the same period in 1996. This decrease was principally attributable to a decrease in the number of analog satellite receivers sold, combined with decreased prices on products sold. Internationally, the Company sold approximately 38,000 analog satellite receivers in the three months ended June 30, 1997, a decrease of 25%, compared to approximately 51,000 units sold during the comparable period of 1996. Overall, international demand for the Company's analog DTH products continued to decline in the second quarter of 1997 as a result of consumer anticipation of new international digital services. This international decline in demand for analog satellite receivers, which was expected by the Company, is similar to the decline which has occurred in the United States.

To expand its presence in international markets, the Company has entered into distribution and consulting agreements with international digital service providers. In January 1997, the Company entered into an agreement (the "ExpressVu Agreement") with ExpressVu, Inc. ("ExpressVu") a majority owned subsidiary of BEC, Inc. ("Bell Canada"). The first phase of this agreement includes an initial order for 62,000 satellite receivers, and primary uplink integration payments, which combined are expected to exceed \$40.0 million. Pursuant to the ExpressVu Agreement, the Company is assisting ExpressVu with the construction of a digital broadcast center for use in conjunction with ExpressVu's planned DTH service and will act as a distributor of satellite receivers and related equipment for ExpressVu's Canadian DTH service. Among other things, the Company has agreed not to provide DTH service in Canada and ExpressVu has agreed not to provide DTH service, including DBS service, in the U.S. The Company recognized revenues of approximately \$11.9 million related to the ExpressVu Agreement during the three months ended June 30, 1997 (included within the "DTH products and technical services" caption in the Company's statements of operations). Additionally, in June 1997, Distribuidora de Television Digital S.A. ("Telefonica"), a DBS joint venture in Spain, selected the Company to supply digital set-top boxes for its satellite television service scheduled to launch in September 1997. Revenues from Telefonica's initial order of 100,000 digital set- top boxes are expected to approximate \$40.0 million. The Company expects to begin delivery of set-top boxes to Telefonica in September 1997 and to fulfill approximately one-half of the contract during the remainder of 1997. The Company expects to fulfill the remainder of the contract during early 1998. While the Company continues to actively pursue other similar distribution opportunities, no assurance can be given that any such additional negotiations will be successful. Further, the Company's future revenue from the sale of DBS equipment and receivers in international markets depends largely on the success of the DBS operator in that country, which, in turn, depends on other factors, such as the level of consumer acceptance of DBS products and the intensity of competition for international subscription television subscribers. No assurance can be given regarding the level of expected future revenues which could be generated from the Company's alliances with these, and potentially other, foreign DBS operators.

C-band programming revenue totaled \$1.9 million for the three months ended June 30, 1997, a decrease of \$1.3 million, or 40%, compared to the three months ended June 30, 1996. This decrease was primarily attributable to the industry-wide decline in demand for domestic C-band programming services. C-band programming revenue is expected to continue to decrease for the foreseeable future.

DTH and DISH Network Expenses. DTH and DISH Network expenses for the three months ended June 30, 1997 aggregated \$63.8 million, an increase of \$1.7 million, or 3% compared to the same period in 1996. DTH products and technical services expenses decreased \$39.4 million, or 69%, to \$18.1 million for the three months ended June 30, 1997. These expenses include the costs of C-band systems and the costs of EchoStar Receiver Systems and related components sold prior to commencement of the Company's promotions. Subscriber promotion subsidies aggregated \$18.3 million for the three months ended June 30, 1997 and represent expenses associated with the Company's various promotions. DISH Network programming expenses totaled \$25.8 million for the three months ended June 30, 1997 as compared to \$1.7 million for the comparable period in 1996. The Company expects that DISH Network programming expenses will continue to increase in future periods in proportion to increases in the number of DISH Network subscribers. Such expenses, relative to related revenues, will vary based on the services subscribed to by DISH Network customers, the number and types of pay-per-view events purchased by subscribers, and the extent to which the Company is able to realize volume discounts from programming providers.

C-band programming expenses totaled \$1.5 million for the three months ended June 30, 1997, a decrease of \$1.3 million, or 46%, as compared to the same period in 1996. This decrease is consistent with the decrease in C-band programming revenue. As previously described, demand for C-band DTH products continued to decrease as a result of the introduction and widespread consumer acceptance of DBS products and services.

Selling, General and Administrative Expenses. Selling, general and administrative ("SG&A") expenses totaled \$33.8 million for the three months ended June 30, 1997, an increase of \$15.4 million as compared to the same period in 1996. SG&A expenses as a percentage of total revenue increased to 34% for the three months ended June 30, 1997 as compared to 27% for the same period in 1996. The increase in SG&A expenses was principally attributable to increased personnel expenses to support the growth of DISH Network service and increased expenses associated with the operation of EchoStar's digital broadcast center and DBS satellites (collectively the "EchoStar DBS System").

Earnings Before Interest, Taxes, Depreciation and Amortization. Earnings before interest, taxes, depreciation and amortization (including amortization of subscriber acquisition costs) ("EBITDA") was \$2.4 million for the three months ended June 30, 1997, an improvement of \$13.5 million, compared to negative EBITDA of \$11.2 million during the same period of 1996. This improvement in EBITDA resulted from the factors affecting revenue and expenses discussed above.

Depreciation and Amortization. Depreciation and amortization expenses for the three months ended June 30, 1997 (including amortization of subscriber acquisition costs of \$92,000 and \$33.2 million for the three months ended June 30, 1996 and June 30, 1997, respectively), aggregated \$45.9 million, an increase of \$39.5 million, as compared to the same period 1996. The increase in depreciation and amortization expenses principally resulted from amortization of subscriber acquisition costs and depreciation expense associated with the Company's second DBS satellite, EchoStar II (placed in service during the fourth quarter of 1996).

Other Income and Expense. Other expense, net totaled \$20.9 million for the three months ended June 30, 1997, an increase of \$6.4 million, as compared to the same period 1996. The increase in other income and expense in the second quarter of 1997 resulted primarily from a decrease interest income of approximately \$4.4 million as a result of a decrease in invested balances. Additionally, interest expense increased \$2.0 million as compared to the same period of 1996 as a result of the continued accretion of the 1994 Notes and 1996 Notes. The Company capitalized interest of approximately \$8.6 million during the three months ended June 30, 1997, compared to approximately \$5.5 million during the three months ended June 30, 1996.

Income Tax Benefit. The decrease in the income tax benefit of \$11.0 million (from \$11.0 million for the three months ended June 30, 1996 to an income tax provision of \$25,000 for the three months ended June 30, 1997) principally resulted from the Company's decision to fully reserve the second quarter addition to its net deferred tax asset. The Company's net deferred tax assets (approximately \$67.4 million at June 30, 1997) relate to temporary differences for amortization of original issue discount on the 1994 Notes and 1996 Notes, net operating loss carryforwards, and various accrued expenses which are not deductible until paid. If future operating results differ materially and adversely from the Company's current expectations, its judgment regarding the magnitude of its reserve may change.

Six Months Ended June 30, 1997 Compared to the Six Months Ended June 30, 1996.

Revenue. Total revenue for the six months ended June 30, 1997 was \$171.4 million, an increase of \$61.0 million, or 55%, as compared to total revenue for the six months ended June 30, 1996 of \$110.4 million. The increase in total revenue in 1997 was primarily attributable to the introduction of the Company's DISH Network service during March 1996, combined with significant DISH Network subscriber growth since the launch of service.

The increase in total revenue for the six months ended June 30, 1997 was partially offset by a decrease in international and domestic sales of C-band satellite receivers and equipment. The domestic and international demand for C-band DTH products continued to decline during the first half of 1997.

Revenue from domestic sales of DTH products and technical services decreased \$66.2 million, or 88%, to \$8.8 million for the six months ended June 30, 1997. Domestically, the Company sold approximately 348,000 satellite receivers during the six months ended June 30, 1997, as compared to approximately 155,000 receivers sold during the comparable period of 1996. Of the total number of satellite receivers sold during the six months ended June 30, 1997, approximately 345,000 were EchoStar Receiver Systems. Although there was a significant increase in the number of satellite receivers sold during the six months ended June 30, 1997 as compared to same period in 1996, overall revenue from domestic sales of DTH products decreased as a result of decreased prices charged for DBS satellite receivers combined with the revenue recognition policy applied to DBS satellite receivers sold under the Company's promotions.

Revenue from international sales of analog DTH products for the six months ended June 30, 1997 totaled \$13.0 million, a decrease of \$9.3 million, or 42%, as compared to the same period in 1996. This decrease was directly attributable to a decrease in the number of analog satellite receivers sold, combined with decreased prices on products sold. Internationally, the Company sold approximately 91,000 analog satellite receivers during the six months ended June 30, 1997, a decrease of 28%, compared to approximately 126,000 units sold in the

comparable period in 1996. As previously described, the Company also recognized revenues totaling \$11.9 million during the six months ended June 30, 1997 related to the ExpressVu Agreement.

C-band programming revenue totaled \$4.1 million for the six months ended June 30, 1997, a decrease of \$2.6 million, or 39%, compared to the six months ended June 30, 1996. This decrease was primarily attributable to the industry-wide decline in demand for domestic C-band programming services.

DTH and DISH Network Expenses. DTH and DISH Network expenses for the six months ended June 30, 1997 aggregated \$107.0 million, an increase of \$8.9 million, or 9% compared to the same period in 1996. DTH products and technical services expense decreased \$62.9 million, or 70%, to \$27.3 million during the six months ended June 30, 1997. These expenses include the costs of C-band systems and the costs of EchoStar Receiver Systems and related components sold prior to commencement of the Company's promotions. Subscriber promotion subsidies aggregated \$31.1 million for the six months ended June 30, 1997. DISH Network programming expenses totaled \$45.3 million for the six months ended June 30, 1997 as compared to \$1.8 million for the comparable period in 1996. This increase is directly attributable to the increase in DISH Network subscribers at June 30, 1997 compared to June 30, 1996.

C-band programming expenses totaled \$3.3 million for the six months ended June 30, 1997, a decrease of \$2.8 million, or 45%, as compared to the same period in 1996. This decrease is consistent with the decrease in C-band programming revenue.

Selling, General and Administrative Expenses. SG&A expenses totaled \$64.7 million for the six months ended June 30, 1997, an increase of \$35.6 million as compared to the same period in 1996. SG&A expenses as a percentage of total revenue increased to 38% for the six months ended June 30, 1997 as compared to 26% for the same period in 1996. The increase in SG&A expenses was principally attributable to increased personnel expenses to support the growth of DISH Network service and increased expenses associated with the operation of the EchoStar DBS System. In future periods, the Company expects that SG&A expenses as a percentage of total revenue will decrease as subscribers are added.

Earnings Before Interest, Taxes, Depreciation and Amortization. EBITDA was negative \$243,000 for the six months ended June 30, 1997, an improvement of \$16.6 million, compared to negative EBITDA of \$16.8 million for the same period in 1996. This improvement in negative EBITDA resulted from the factors affecting revenue and expenses discussed above.

Depreciation and Amortization. Depreciation and amortization expenses for the six months ended June 30, 1997 (including amortization of subscriber acquisition costs of \$92,000 and \$61.3 million for the six months ended June 30, 1996 and June 30, 1997, respectively) aggregated \$86.6 million, an increase of \$76.8 million, as compared to the same period 1996. The increase in depreciation and amortization expenses primarily was attributable to amortization of subscriber acquisition costs and depreciation expense associated with EchoStar TT.

Other Income and Expense. Other expense, net totaled \$39.6 million for the six months ended June 30, 1997, an increase of \$21.1 million, as compared to the same period 1996. The increase in other expense in the first half of 1997 resulted primarily from an increase in interest expense associated with the March 1996 issuance of the 1996 Notes and 1997 Notes combined with the continued accretion of the 1994 Notes. Additionally, interest income decreased \$4.8 million as a result of a decrease in invested balances. The Company capitalized \$16.6 million and \$14.4 million of interest in the six months ended June 30, 1997 and 1996, respectively.

Income Tax Benefit. The decrease in the income tax benefit of \$16.1 million (from \$16.1 million for the six months ended June 30, 1996 to an income tax provision of \$44,000 for the six months ended June 30, 1997) principally resulted from the Company's decision to fully reserve the 1997 additions to its net deferred tax asset.

Item 3. LEGAL PROCEEDINGS

On February 24, 1997, EchoStar Communications Corporation ("EchoStar") and The News Corporation Limited ("News") announced an agreement (the "News Agreement") pursuant to which, among other things, News agreed to acquire approximately 50% of the outstanding capital stock of EchoStar. News also agreed to make available for use by EchoStar the DBS permit for 28 frequencies at 110 West Longitude ("WL") purchased by MCI Communications Corporation ("MCI") for over \$682 million following a 1996 Federal Communications Commission ("FCC") auction. During late April 1997, substantial disagreements arose between the parties regarding their obligations under the News Agreement.

On May 8, 1997, EchoStar filed a Complaint in the U.S. District Court for the District of Colorado (the "Court"), Civil Action No. 97-960, requesting that the Court confirm EchoStar's position and declare that News is obligated pursuant to the News Agreement to lend \$200 million to EchoStar without interest and upon such other terms as the Court orders.

On May 9, 1997, EchoStar filed a First Amended Complaint significantly expanding the scope of the litigation, to include breach of contract, failure to act in good faith, and other causes of action. EchoStar seeks specific performance of the News Agreement and damages, including lost profits based on, among other things, a jointly prepared a ten-year business plan showing expected profits for EchoStar in excess of \$10 billion based on consummation of the transactions contemplated by the News Agreement.

On June 9, 1997, News filed an answer and counterclaims seeking unspecified damages. News' answer denies all of the material allegations in the First Amended Complaint and asserts twenty defenses, including bad faith, misconduct and failure to disclose material information on the part of EchoStar and its Chairman and Chief Executive Officer, Charles W. Ergen. The counterclaims, in which News is joined by its subsidiary American Sky Broadcasting LLC ("AskyB") assert that EchoStar and Ergen breached their agreements with News and failed to act and negotiate with News in good faith. EchoStar has responded to News' answer and denied the allegations in their counterclaims. EchoStar also has asserted various affirmative defenses. EchoStar intends to diligently defend against the counterclaims. The parties are now in discovery. The case has been set for a five week trial commencing June 1, 1998, but that date could be postponed. The litigation process could continue for many years and there can be no assurance concerning the outcome of the litigation. An adverse decision could have a material adverse effect on EchoStar's financial position and results of operations.

On April 25, 1997, EchoStar Satellite Corporation ("ESC") and Sagem, S.A. ("Sagem"), a French Corporation, executed a settlement and release agreement under which Sagem agreed to return the \$10.0 million down payment made to Sagem and agreed to release the \$15.0 million placed in escrow with a bank in connection with a manufacturing agreement entered into in April 1995. ESC and Sagem have released all claims against each other.

Item 6. EXHIBITS AND REPORTS ON FORM 8-K

- (a) Exhibits
 - 27 Financial Data Schedule.
- (b) Reports on Form 8-K

No reports on Form 8-K were filed during the second quarter of 1997.
