## Caution Concerning Forward-Looking Statements

All statements we make during this call, other than statements of historical fact, constitute forward-looking statements made pursuant to the Safe Harbor provided by the Private Securities Litigation Reform Act of 1995.

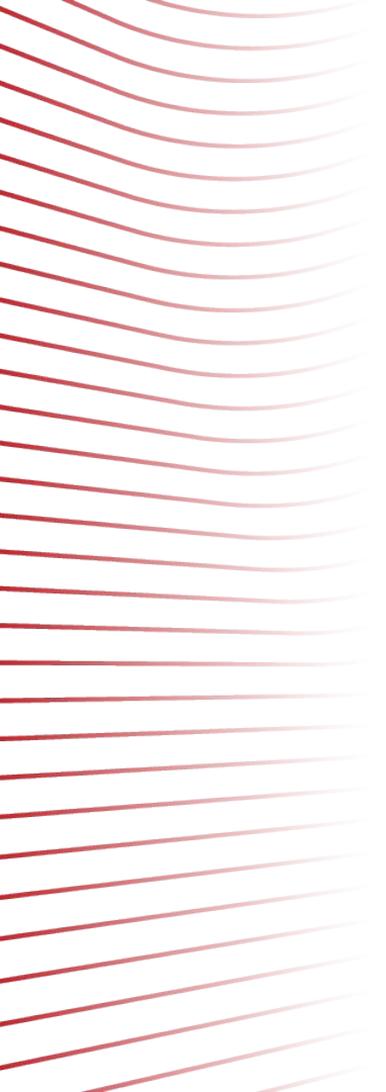

These forward-looking statements involve known and unknown risks, uncertainties and other factors that could cause our actual results to be materially different from historical results and from any future results expressed or implied by the forward-looking statements.

For a list of those factors and risks, please refer to our annual report on Form 10-K for the year ended December 31, 2025, filed today, March 2, 2026, and our subsequent filings made with the SEC.

All cautionary statements we make during the call should be understood as being applicable to any forward-looking statements we make wherever they appear. You should carefully consider the risks described in our reports and should not place any undue reliance on any forward-looking statements. We assume no responsibility for updating any forward-looking statements.

## Non-GAAP Financial Measures

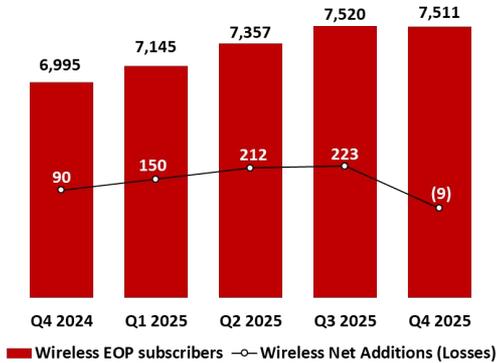

This presentation also includes certain non-GAAP financial measures, including OIBDA and free cash flow. The comparable GAAP measure and a reconciliation for OIBDA is presented in our earnings release and, in the case of free cash flow, in our 10-K filed on March 2, 2026, which can be found on the SEC's website at [www.sec.gov](http://www.sec.gov) and on our website at [www.ir.echostar.com](http://www.ir.echostar.com)

<sup>(1)</sup>Free Cash Flow ("FCF") defined as "Net cash flows from operating activities" less: (i) "Purchases of property and equipment" net of "Refunds and other receipts of purchases of property and equipment," and (ii) "Capitalized interest related to Regulatory authorizations". Free cash flow is not a measure determined in accordance with GAAP and should not be considered a substitute for "Operating income (loss)," "Net income (loss)," "Net cash flows from operating activities" or any other measure determined in accordance with GAAP. Since free cash flow includes investments in operating assets, we believe this non-GAAP liquidity measure is useful in addition to the most directly comparable GAAP measure "Net cash flows from operating activities."

<sup>(2)</sup>CapEx defined as Purchases of property and equipment, net of refunds, and excludes capitalized interest
