

Microsite Welcome Letter

Welcome,

Thank you for taking the time to learn more about our highly-compelling proposed merger with Sprint.

Our proposal provides more cash and affords Sprint shareholders the opportunity to participate more meaningfully in a combined DISH/Sprint, which will benefit from a significantly enhanced strategic position and substantial synergies that are not attainable through the pending SoftBank proposal. The combined company will be better positioned for the future with more spectrum, products, subscribers, financial scale and new opportunities.

Our bid for Sprint comes at a time of tremendous change and opportunity for both of our businesses. This combination will create the only company that possesses the spectrum portfolio and collection of owned network assets to provide customers a fully-integrated, nationwide bundle of in- and out-of-home video, broadband and voice services. This unique, combined company will have a leadership position in video, data and voice and the necessary broadband spectrum to provide customers with rich content everywhere, all the time.

A significant opportunity is available due to the rapid advancements in services and technology, and given our collective resources, assets and history of innovation, a combined DISH/Sprint can capitalize on these trends.

We encourage you to continue checking back to this site, which contains transaction details and provides a central forum where you can monitor developments.

There is no better time than now and no better company than ours to deliver on this vision with Sprint. We are confident our proposal presents multifold growth opportunities for both companies and we are ready, willing and excited to lead the way forward.

Very Truly Yours,

Charlie Ergen
Chairman, DISH Network
