(1) Based on information provided by EchoStar Communications Corporation (the "Company") that 242,353,739 shares of Class A Common Stock, par value \$0.01 per share ("Common Stock") of the Company were outstanding as of November 11, 2002, and assuming conversion of all shares of Series D mandatorily convertible participating preferred stock (the "Preferred Stock") beneficially owned by the Reporting Persons. According to the Company, there were 238,435,208 shares of Class B Common Stock, par value \$0.01 per share ("Class B Common Stock") of the Company outstanding as of November 11, 2002. Because such Class B Common Stock is convertible on a one-for-one basis into Common Stock, assuming conversion of all shares of outstanding Class B Common Stock into Common Stock and conversion of all shares of Preferred Stock beneficially owned by the Reporting Persons, the percentage of the Common Stock that the Reporting Persons may be deemed to have beneficial ownership of would be approximately 10.69%. Because each share of Class B Common Stock is entitled to 10 votes per share, the Reporting Persons beneficially own equity securities of the Company representing approximately 2.14% of the voting power of the Company (assuming no conversion of the Class B Common Stock).
