

DISH Network and EchoStar Statement Regarding Tivo

ENGLEWOOD, Colo., June 2, 2009 /PRNewswire-FirstCall via COMTEX News Network/ -- DISH Network Corporation (Nasdaq: DISH) and EchoStar Corporation (Nasdaq: SATS) issued the following statement regarding today's ruling by the U.S. District Court in Texarkana, Texas, in EchoStar Communications Corporation vs. Tivo:

"We are disappointed in the district court's decision finding us in contempt. DISH Network will appeal, and will file a motion to stay the order with the Federal Circuit. We believe a stay is warranted and that we have strong grounds for appeal. Our engineers spent close to a year designing-around Tivo's patent and removed the very features that Tivo said infringed at trial. Existing DISH Network customers with DVRs are not immediately impacted by these recent developments."

About DISH Network Corporation

DISH Network Corporation (Nasdaq: DISH), the nation's HD leader, provides approximately 13.584 million satellite TV customers as of March 31, 2009 with the highest quality programming and technology at the best value, including the lowest all-digital price nationwide.
