Item 1.01. Entry into a Material Definitive Agreement.

On March 11, 2008 (the "Effective Date"), EchoStar Corporation ("EchoStar") entered into a transponder service agreement (the "Transponder Agreement") with Bell ExpressVu Inc., in its capacity as General Partner of Limited Partnership ("Bell ExpressVu"), which provides, among other things, for the provision by Bell ExpressVu to EchoStar of service on sixteen (16) BSS transponders on the Nimiq 5 satellite at the 72.7° W.L. orbital location, all in accordance with the terms and conditions of the Transponder Agreement. The Nimiq 5 satellite is expected to be launched in the second half of 2009. Bell ExpressVu currently has the right to receive service on the entire communications capacity of the Nimiq 5 satellite pursuant to an agreement with Telesat Canada. On March 11, 2008, EchoStar also entered into a transponder service agreement with DISH Network L.L.C. ("DISH L.L.C."), a wholly-owned subsidiary of DISH Network Corporation ("DISH Network"), pursuant to which DISH L.L.C. will receive service from EchoStar on all of the BSS transponders covered by the Transponder Agreement (the "DISH Agreement"). DISH Network guaranteed certain obligations of EchoStar under the Transponder Agreement. DISH Network was EchoStar's former parent corporation and is an affiliate of EchoStar by virtue of their common controlling shareholder, Charles W. Ergen. In addition, certain officers and directors of DISH Network, including Charles W. Ergen, are also directors and officers of EchoStar.

Under the terms of the Transponder Agreement, EchoStar will make certain up-front payments to Bell ExpressVu through the service commencement date on the Nimiq 5 satellite and thereafter will make certain monthly payments to Bell ExpressVu for the remainder of the service term. Unless earlier terminated under the terms and conditions of the Transponder Agreement, the service term will expire fifteen years following the actual service commencement date of the Nimiq 5 satellite. Upon expiration of this initial term, EchoStar has the option to continue to receive service on the Nimiq 5 satellite on a month-to-month basis. Upon a launch failure, in-orbit failure or end-of-life of the Nimiq 5 satellite, and in certain other circumstances, EchoStar has certain rights to receive service from Bell ExpressVu on a replacement satellite.

Under the terms of the DISH Agreement, DISH L.L.C. will make certain monthly payments to EchoStar commencing when the Nimiq 5 satellite is placed into service (the "In-Service Date") and continuing through the service term. Unless earlier terminated under the terms and conditions of the DISH Agreement, the service term will expire ten years following the In-Service Date. Upon expiration of the initial term, DISH L.L.C. has the option to renew the DISH Agreement on a year-to-year basis through the end-of-life of the Nimiq 5 satellite. Upon a launch failure, in-orbit failure or end-of-life of the Nimiq 5 satellite, and in certain other circumstances, DISH L.L.C. has certain rights to receive service from EchoStar on a replacement satellite.

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrants have duly caused this report to be signed on their behalf by the undersigned hereunto duly authorized.
